Cracking the AP Environmental Science Exam, 2019 Edition Macmillan Higher Education

REA's AP Environmental Science Crash Course is the first book of its kind for the last-minute studier or any AP student who wants a quick refresher on the course.

Written by an AP Environmental Science teacher, the targeted review chapters prepare students for the test by only focusing on the important topics tested on the AP Environmental Science exam. The easy-to-read review chapters in outline format cover everything AP students need to know for the exam: human population dynamics, managing public lands, energy conservation, changes in Earth's climate, species extinction, loss of biodiversity, and more. The author also includes must-know key terms all AP students should know before test day.

With our Crash Course, students can study the subject faster, learn the crucial material, and boost their AP score all in less time. The author provides key strategies for answering the multiple-choice questions, so students can build

their point scores and get a 5!

Strive for a 5: Preparing for the AP Environmental Science Exam Research & Education Assoc.

Strive for a 5: Preparing for the AP(R) Environmental Science Examination is a workbook designed to help students evaluate their understanding of the material covered in the student textbook, to reinforce key concepts, and to prepare students for success on the AP(R) Environmental Science Exam. There are two sections in the Strive for a 5, a study guide section and a test preparation section. The study guide contains a detailed reading guide for students to use as they study the chapter with between 100 and 200 comprehension questions per chapter. There are also vocabulary exercises, math practice problems, and review questions, as well as FRQ practice questions and two full practice cumulative exams.
