The second
edition of the
Impact Evaluation
in Practice
handbook is a
comprehensive
and accessible
introduction to
impact evaluation
for policy makers
and development
practitioners.
First published in
2011, it has been
used widely
across the
development and
academic
communities. The
book incorporates
real-world
examples to
present practical
guidelines for
designing and

implementing
impact
evaluations.
Readers will gain
an understanding
of impact
evaluations and
the best ways to
use them to
design evidence-
based policies and
programs. The
updated version
covers the newest
techniques for
evaluating
programs and
includes state-of-
the-art
implementation
advice, as well as
an expanded set
of examples and
case studies that
draw on recent
development
challenges. It also
includes new
material on
research ethics
and partnerships
to conduct impact
evaluation. The

handbook is
divided into four
sections: Part One
discusses what to
evaluate and why;
Part Two
presents the main
impact evaluation
methods; Part
Three addresses
how to manage
impact
evaluations; Part
Four reviews
impact evaluation
sampling and data
collection. Case
studies illustrate
different
applications of
impact
evaluations. The
book links to
complementary
instructional
material available
online, including
an applied case as
well as questions
and answers. The
updated second
edition will be a
valuable resource

for the international development community, universities, and policy makers looking to build better evidence around what works in development. Dundurn
