I owned a 1999 Century 2101 Bay boat when it was new and overall I liked the boat. Layout was great,

no structural problems, got me there and back. BUT, at idle to slight throttle speeds the boat was

unsteerable. Putting it back on the trailer was a nightmare, backing off the trailer was usually an

exercise in spinning the boat in circles. [Century Boat Owners Manual](#)

Doug and Brenda Dawson have a library of thousands of old boat brochures, but do not

have any owner's manuals. Most boats didn't come with manuals. None of the boat builders produced an owner's manual in the early years and only a few did in the more recent years; but they were very limited in information and quite generic to either the whole boat line or boating in general.
