Welcome to our world, the world of the ordinary golfer. This book is the first compilation of the Rules of Golf according to the North Park Golf Association. The Rules were found to be necessary for the mental health and sanity of the multitude of golfers all over the world who know, with just a little more time and practice, they could do better both as golfers and as human beings. The sad truth is this: The definition of insanity is playing golf over and over again and expecting a different result. Yet we play. And we pay good money to play. And we gleefully squander any financial windfall on a new set of Pings. And if the new clubs don't result in lower scores, we blame the course, the weather, the gods. Or at least that's what we tell our long-suffering spouses. So the first lesson in golf is to realize that the distance between you and the world's No. 1 golfer is tantamount to the distance between Earth and the Oort Cloud. That distance is not going to be crossed by a human in your lifetime. However, the world's No. 1 golfer is given advantages not available to you and me. This is one of the revelations available in this book, and the reason for the North Park Golf Association Rules of Golf. "We" are the people I've played with for decades, and you'll meet them all at their best and their not-so-best. They will help you understand that the purpose of this book is to make the game more fun and less taxing on the golfer's soul, so enjoy.

The soft crash of waves that blissfully block out all other noise, the smell of two-stroke and lawn clippings, the first sip of cold beer, the laboured whir of the ceiling fan, the sound of a bag of ice hitting the pavement, that feeling of salt on skin and even the smell of prawns on bin night. Comedian Tim Ross uses the Australian Summer as a back drop for a new collection of nostalgic short stories.

KaBOOM! is the powerful, uplifting journey of a man who grew up in a group home with his seven brothers and sisters and went on to build a world-class nonprofit that harnesses the power of community to improve the lives of children. In 1995, Darell Hammond read an article in the Washington Post about an unthinkable tragedy: Two young children suffocated in a car on a hot summer day in southeast Washington, DC. The story indicated that the children had nowhere to play; in the absence of a playground, they had climbed into an abandoned car. Reading the article fueled Hammond's sense of injustice, and his life's

mission came into focus. Hammond founded KaBOOM!, a national nonprofit that provides communities with tools, resources, and guidance to build and renovate playgrounds and playspaces. In some of the toughest and poorest neighborhoods in North America, 2,000 barren spaces have been transformed by KaBOOM! and more than a million volunteers and community members into kid-designed, fun, and imaginative places to play. This is the story of a man with a vision, a man who believes that play is the best natural resource in a creative economy and that kids need more of it. Play is not a luxury but a necessity for their lives. Through hard work, commitment, and the conviction that access to a safe play environment is the fundamental right of all children, Hammond built an organization that has touched the lives of countless children and families. Hammond's story demonstrates how one idealist can change the world and how small, civic-minded steps create a ripple effect that can transform communities and eventually the world at large.
