We were blessed to grow up in Roman Catholic families, and were married in the Church in 1960. Barb gave birth to six children during the next ten years. During this time, we made eight physical household moves, four of the relocations were made with newborn babies in tow! In 1974, we made the difficult decision to leave the Catholic Church, and have been actively involved in Bible Churches ever since. Who would believe our schedule? We participated in every type of volunteer service available, including: basketball and soccer coach, Girl Scout leader, Sunday school teachers, and always time for family dinners. Barb was a stay-at-home mom, and eventually achieved an Interior Design degree. I worked for one employer for almost 50 years, which included five different companies, and positions from Apprentice to Director. Now comes our together time. In 1985, Barb started to accompany me on business travel trips. We have traveled extensively: Europe, Canada, Alaska, Mexico, Caribbean, China, Russia and South Africa. Along the way, we have owned 36 automobiles, one truck and one motorcycle. Please come along for the ride of our lifetimes; we hope that you will enjoy it half as much as we have!

This entertaining book is a collection of personal stories and observations experienced by the author over the past 60 years, from working as a part-time car salesman during college to his personal purchases of more than 50 cars. The content helps the reader better understand the techniques used by car dealers to encourage you to buy, and what you should look for in a test drive. He explains trade-in values, and his own recent experience of buying a used car, sight unseen over the internet. This collection includes humorous anecdote's, industry criticisms, and a healthy dose of sarcasm, plus examples of auto dealerships that went the extra mile, and conversely, some that treated their customers with disdain. As a retired C.E.O., Charles adds his own executive perspective on customer service and brand loyalty, using real-life examples of why so many sales and service people seem to do such a poor job at what should be an easy and pleasurable experience. The book includes his reflections on ineffective T.V. commercials and poor Auto show marketing decisions. Auto enthusiasts will thoroughly enjoy this book!

Dodge Caravan, Plymouth Voyager & Chrysler Town & Country Automotive Repair Manual

From the Chrysler Six of 1924 to the front-wheel-drive vehicles of the 70s and 80s to the minivan, Chrysler boasts an impressive list of technological "firsts." But even though the company has catered well to a variety of consumers, it has come to the brink of financial ruin more than once in its seventy-five-year history. How Chrysler has achieved monumental success and then managed colossal failure and sharp recovery is explained in Riding the Roller Coaster, a lively, unprecedented look at a major force in the American automobile

industry since 1925. Charles Hyde tells the intriguing story behind Chrysler-its products, people, and performance over time-with particular focus on the company's management. He offers a lens through which the reader can view the U.S. auto industry from the perspective of the smallest of the automakers who, along with Ford and General Motors, make up the "Big Three." The book covers Walter P. Chrysler's life and automotive career before 1925, when he founded the Chrysler Corporation, to 1998, when it merged with Daimler-Benz. Chrysler made a late entrance into the industry in 1925 when it emerged from Chalmers and Maxwell, and further grew when it absorbed Dodge Brothers and American Motors Corporation. The author traces this journey, explaining the company's leadership in automotive engineering, its styling successes and failures, its changing management, and its activities from auto racing to defense production to real estate. Throughout, the colorful personalities of its leaders-including Chrysler himself and Lee Iacocca-emerge as strong forces in the company's development, imparting a risk-taking mentality that gave the company its verve.
