This entertaining book is a
collection of personal stories
and observations experienced
by the author over the past 60
years, from working as a part-
time car salesman during
college to his personal
purchases of more than 50
cars. The content helps the
reader better understand the
techniques used by car dealers
to encourage you to buy, and
what you should look for in a
test drive. He explains trade-
in values, and his own recent
experience of buying a used

car, sight unseen over the
internet. This collection
includes humorous
anecdote ' s, industry
criticisms, and a healthy dose
of sarcasm, plus examples of
auto dealerships that went the
extra mile, and conversely,
some that treated their
customers with disdain. As a
retired C.E.O., Charles adds
his own executive perspective
on customer service and brand
loyalty, using real-life
examples of why so many sales
and service people seem to do
such a poor job at what should
be an easy and pleasurable

experience. The book includes
his reflections on ineffective
T.V. commercials and poor
Auto show marketing
decisions. Auto enthusiasts
will thoroughly enjoy this
book!
