We've gone from regarding the Net as something exotic to something that we take for granted, like mains electricity or running water. Yet most people have no idea how the network functions, nor any conception of its architecture; and few can explain why it has been - and continues to be - so uniquely disruptive in social, economic and cultural contexts. John Naughton has been thinking, arguing, lecturing and writing about the Net for over two and a half decades, and in FROM GUTENBERG TO ZUCKERBERG he distills the noisy chatter surrounding the internet's relentless evolution into nine clear-sighted and accessible areas of understanding. FROM GUTENBERG TO ZUCKERBERG gives you the requisite knowledge to make better use of the technologies and networks around and raises important questions, as exciting as they are unsettling, about the future of the Net and the impact it will have on our lives.

The A-904 and A-727, debuting in 1960 and 1962, respectively, are 3-speed automatic Chrysler TorqueFlite

Transmissions. In Mopar circles, they have become synonymous with strength, durability, and performance. In fact, 43 years after its first application, A-904s were still found in the Jeep lineup! TorqueFlites are known for their dependability, but many have endured a tremendous amount of abuse over 50-plus years when hooked up to V-8 Mopar powerplants.

There is little doubt that some of these automatics could be prone to failure, or at least need a thorough rebuild. Tom Hand shares his decades of experience rebuilding TorqueFlite transmissions with chapters dedicated to troubleshooting, disassembly and reassembly, performance modifications, post-installation procedures, and the most thorough source guide offered in print, ever. The author walks you through the TorqueFlite rebuild with color photos showcasing step-by-step procedures with highly detailed, easy-to-follow text. This book will keep money in your pocket and add experience to your résumé, but more important, it will help you get your Mopar back on the road! p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Arial}
