Singers must equip themselves with enough knowledge to clearly convey specific sensations and difficulties with their instrument. Understanding of potential dangers and disorders, familiarity with a variety of medical procedures, and comprehension in various facets of diagnosis and

treatments empower singers to "own," just like other musicians, their instrument. The Owner's Manual to the Voice provides singers with the knowledge necessary to communicate effectively and in intelligent terms about their instrument, especially when conversing with medical professionals. Beginning with an overview of the vocal anatomy, lead author Rachael Gates, and co-authors L. Arick Forrest, M.D. and Kerri Obert, M.A., C.C.C/S.L.P, proceed through detailed discussions of caring for the voice and common causes of vocal changes and problems before guiding the reader through the process of choosing, talking to, and working with an ENT. In so doing, they give insights that any professional voice user - whether singer, actor, broadcaster, politician, teacher, preacher, or lawyer - will find helpful if not essential.

The Owner's Manual to the Voice Public Health Foundation

Do unto others as you would others should do to you. You can never be rude if you bear the rule always in mind, for what lady likes to be treated rudely? True Christian politeness will always be the result of an unselfish regard for the feelings of others, and though you may err in the ceremonious points of etiquette, you will never be im polite. Politeness, founded upon such a rule, becomes the expression, in graceful manner, of social virtues. The spirit of politeness consists in a certain attention to forms and ceremonies, which are meant both to please others and ourselves, and to make others pleased with us ;a still clearer definition may be given by saying that politeness is goodness of heart put into daily practice; the.re can be no true, politeness without kindness, purity, singleness of heart, and sensibility. Many believe that politeness is but a mask worn in the world to conceal bad passions and impulses, and to make a show of possessing virtues not really existing in the heart; thus, that politeness is merely hypocrisy and dissimulation. Do not believe this; be certain that those who profess such a doctrine are practising themselves the deceit they condemn so much.
