Two narrators attempt to recreate all 209 of the fairy tales of the Brothers Grimm in a wild, fast-paced extravaganza. To make it more difficult, they attempt to combine them into one gigantic fable using Rapunzel, Rumpelstiltskin, Hansel and Gretel, Snow White, Sleeping Beauty, Cinderella and other more obscure stories like Lean Lisa and The Devil's Grandmother.

This second collection of essays exploring various dimensions of sacramental theology from a Baptist perspective includes biblical, historical and theological studies from scholars from around the world. Subjects covered are sacraments and sacramentality, sacrament and sacrifice in Hebrews, the sacrament of fearful intimacy, the church as sacrament, baptism and the Lord's supper for post-Christendom Baptists, Pauline baptism and Roman Insulae, open communion for the contemporary church, penance, sacred space, recovering a biblical understanding of baptismal regeneration, the Lord's supper and the spirituality of C.H. Spurgeon, Southern Baptist eucharistic sacramentalism and soul competency, re-thinking ex opere operato sacramentalism, the sacramentality of the word in Gregory of Nyssa, and searching for a common theology of baptism between Baptists and the Churches of Christ. This volume does not speak the final word on the subject, but is a step along the way toward the recovery and reconstruction of a robust sacramentalism in a Baptist modality.

This is a story of belief, disillusionment and atonement. Long identified with leftist causes, the journalist Eugene Lyons was by background and sentiment predisposed to early support of the Russian Revolution. A "friendly correspondent," he was one of a coterie of foreign journalists permitted into the Soviet Union during the Stalinist era because their desire to serve the revolution was thought to outweigh their desire to serve the truth. Lyons first went to the Soviet Union in 1927, and spent six years there. He was there as Stalin consolidated his power, through collectivization and its consequences, as the cultural and technical intelligentsia succumbed to the secret police, and as the mechanisms of terror were honed. As Ellen Frankel Paul notes in her major new introduction to this edition, "It was this murderous reality that Stalin's censors worked so assiduously to camouflage, corralling foreign correspondents as their often willing allies." Lyons was one of those allies. Assignment in "Utopia" describes why he refused to see the obvious, the forces that kept him from

writing the truth, and the tortuous path he traveled in liberating himself. His story helps us understand how so many who were in a position to know were so silent for so long. In addition, it is a document, by an on-the-scene journalist, of major events in the critical period of the first Five-Year Plan. As Ellen Frankel Paul notes in her major new introduction to this new edition, Assignment in "Utopia" is particularly timely. The system it dissects in such devastating detail is in the process of being rejected throughout Eastern Europe and is under challenge in the Soviet Union itself. The book lends insight into the "political pilgrim" phenomenon described by Paul Hollander, in which visitors celebrate terrorist regimes, seemingly oblivious to their destructive force. The book is valuable for those interested in the Stalinist era in the Soviet Union, those interested in radical regimes and political change, as well as those interested in better understanding current events in Europe. It will also be useful for the tough questions it poses about journalistic ethics.
