Jetta Manual Transmission Fluid Change

Fortunately, changing manual transmission fluid in the A4 is actually easier than changing the oil, at least in a manual transmission car, because you don't have to change the filter as well. You simply drain the old lubricant and find a way to fill the transmission with new fluid.

Where to fill transmission fluid in a voltswaggen Jetta ...

How to Check Transmission Fluid in a Jetta Drive the Jetta for 10 minutes or so to warm up the transmission fluid. Stop

the car on level ground where you intend to work, and place your foot on the brake. Shift the shifter into each gear and hold it there for three to four seconds.

The tranny is sealed tho most
have pour spouts to add it. The 5
cyl auto on the 06 is a nightmare
tho. It doesn't have a pour spout.
Idle the car for 5 minutes, remove
drain plug, (if at right temp
nothing should come out) insert
special pump connector into drain
hole, connect to pump, connect
pump to tranny fluid container
and pump away.
