He must not only get the job done but do so without giving into his insatiable cravings for vodka, weed, and causal, meaningless sex. Sensational, satirical, and sometimes absurd, *Romancing the Absurd* is a literary murder mystery full of intrigue, suspense, philosophy, and absurdist cutthroat behavior. Nine people die under bizarre circumstances. A handful of people get screwed (in more ways than one). Throughout the story, there runs an undercurrent of reflection, hope, and redemption for Tony, who strives to right his wrongs, and Jim der Bacon, accused of murder yet able to focus on consciously evolving his own consciousness. For Tony, redemption comes through

writing and his new awareness that one can consciously evolve their consciousness. *Romancing the Absurd* is the final result of Tony's studies, hard work, and shocking struggles with himself, others, and the universe at large. Based on real-life venture capitalists, businessmen, and lawyers, the story is structured using reinvented reality.

A fierce and excoriating portrait of British racism, Roy William's *Sing Yer Heart Out for the Lads* premiered in 2002 at the National Theatre. Set in a south-west London pub during the 2000 England vs. Germany match, tempers are running high. As England lose again, their supporters in *The King George* lose it too – at full time, patriotism has become unapologetic racism. This Methuen Drama Student Edition of the play includes commentary and notes by Gemma Edwards, University of Manchester, UK, which explore the production history of the play as well as the historical, social and cultural contexts that surround it, such as the rise of Nationalism and far-right groups in the UK. Also featuring an interview with Roy Williams about the play and its relevance 20 years on, this edition is a must-have resource for any student exploring *Sing Yer Heart Out for the Lads*.

Drawing from Jungian psychology and popular culture, this detailed guide to personality types will help you develop a deeper, more meaningful sense of your truest self. For Jung, knowing your type was essential to understanding yourself: a way to measure personal growth and change. But his ideas have been applied largely in the areas of career and marital counseling, so type has come to seem predictive: a way to determine your job skills and social abilities. This book reclaims type as a way to talk about people's inner potential and the choices they make in order to honor it. Using everyday examples from popular culture—films, Star Trek, soap operas, comic strips—it describes the sixteen basic ways people come to terms with their gifts and values. In this book you will find tools to understand:

- How your personality takes shape
- How your type reflects not only your current priorities, but your hidden potential
- How unlived possibilities are trying to get your attention
- How relationships at home and at work can help you to tap your unrealized gifts

How do you fix your troubled adolescent? After years of working as an in-home therapist and probation officer, author William Glover grew frustrated with the conventional wisdom that said medication and/or therapy offered the only hope for angry, defiant, unmotivated, ADHD, ADD, oppositional, defiant, drug involved, juvenile court involved, and behaviorally handicapped kids. Based on his work with adolescents and their parents, he became convinced that the solution for the majority of troubled kids resided not with the professionals, but with the parents of these children. With this as a starting point, Glover began developing "The Adolescent Owner's Manual," a unique and effective resource designed to provide parents with the practical, common-sense tools and skills essential to parenting troubled adolescents.

The Muncie 4-speeds, M20, M21, and M22 are some of the most popular manual transmissions ever made and continue to

be incredibly popular. The Muncie was the top high-performance manual transmission GM offered in its muscle cars of the 60s and early 70s. It was installed in the Camaro, Chevelle, Buick GS, Pontiac GTO, Olds Cutlass, and many other classic cars. Many owners want to retain the original transmission in their classic cars to maintain its value. Transmission expert and veteran author Paul Cangialosi has created an indispensable reference to Muncie 4-speeds that guides you through each crucial stage of the rebuild process. Comprehensive ID information is provided, so you can positively identify the cases, shafts, and related parts. It discusses available models, parts options, and gearbox cases. Most important, it shows how to completely disassemble the gearbox, identify wear and damage, select the best parts, and complete the rebuild. It also explains how to choose the ideal gear ratio for a particular application. Various high-performance and racing setups are also shown, including essential modifications, gun drilling the shafts, cutting down the gears to remove weight, and achieving race-specific clearances. Muncie 4-speeds need rebuilding after many miles of service and extreme use. In

addition, when a muscle car owner builds a high-performance engine that far exceeds stock horsepower, a stronger high-performance transmission must be built to accommodate this torque and horsepower increase. No other book goes into this much detail on the identification of the Muncie 4-speed, available parts, selection of gear ratios, and the rebuild process.

Larry Brown has been a force in American literature since taking critics by storm with his debut collection, *Facing the Music*, in 1988. His subsequent work—five novels, another

story collection, and two books of nonfiction—continued to bring extraordinary praise and national attention to the writer New York *Newsday* called a "master." In November 2004, Brown sent the nearly completed manuscript of his sixth novel to his literary agent. A week later, he died of a massive heart attack. He was fifty-three years old. *A Miracle of Catfish* is that novel. Brown's trademarks—his raw detail, pared-down prose, and characters under siege—are all here. This beautiful, heartbreaking anthem to the writer's own North Mississippi land and the hard-working, hard-loving, hard-losing men it spawns is the story of one year in the lives of five characters—an old farmer with a new pond he wants stocked with baby catfish; a bankrupt fish pond stocker who secretly releases his forty-pound brood catfish into the farmer's pond; a little boy from the trailer home across the road who inadvertently hooks the behemoth catfish; the boy's inept father; and a former convict down the road who kills a second time to save his daughter. That

Larry Brown died so young, and before he could see *A Miracle of Catfish* published, is a tragedy. That he had time to enrich the legacy of his work with this remarkable book is a blessing.
