“Dr. Phil,” Canada’s best-known automotive expert, and George Iny walk you through another year of car buying.

After almost fifty years and two million copies sold, Phil Edmonston has a co-pilot for the Lemon-Aid Guide — George Iny, along with the editors of the Automobile Protection Association. The 2018 Lemon-Aid features comprehensive reviews of the best and worst vehicles sold since 2007. You’ll find tips on

the “art of complaining” to resolve your vehicular woes and strategies to ensure you don’t get squeezed in the dealer’s business office after you’ve agreed on a price and let your guard down. And to make sure you receive compensation where it’s due, Lemon-Aid’s unique secret warranties round-up covers manufacturer extended warranties for performance defects. Lemon-Aid is an essential guide for careful buyers and long-time gearheads (who may not know as much as they think).

Volume One traces the history of Opel and Vauxhall separately from inception through to the 1970s and thereafter collectively to 2015. Special attention is devoted to examining innovative engineering features and the role Opel has taken of providing global platforms for GM. Each model is examined individually and supplemented by exhaustive supporting specification tables. The

fascinating history of Saab and Lotus begins with their humble beginnings and examines each model in detail and looks at why these unusual marques came under the GM Banner. Included is a penetrating review of Saab through to its unfortunate demise. Volume Two examines unique models and variations of Chevrolet and Buick manufactured in the Southern Hemisphere and Asia but never offered in North America. Daewoo, Wuling and Baojun are other Asian brands covered in detail. This volume concludes with recording the remarkable early success of Holden and its continued independence through to today. Volume Three covers the smaller assembly operations around the world and the evolution of GM's export operations. A brief history of Isuzu, Subaru and Suzuki looks at the three minority interests GM held in Asia. The GM North

Focus On: 100 Most Popular Compact Cars Veloce Publishing Ltd

This book describes the birth, development, and rallying career of the turbocharged, four-wheel-drive Subaru Impreza in the 1990s and early 2000s. Forged in the fierce heat of WRC (World Rally Championship) competition and honed by years of continuous development, the Subaru Impreza is not only one of the greatest rally cars of all time, but has also become one of the most desirable high-performance road cars, too. This book provides a compact and authoritative history of where, when, and how it became so important to the sport.

Volume 2 of the two-volume set  
Advanced direct injection combustion engine technologies

and development investigates diesel DI combustion engines, which despite their commercial success are facing ever more stringent emission legislation worldwide. Direct injection diesel engines are generally more efficient and cleaner than indirect injection engines and as fuel prices continue to rise DI engines are expected to gain in popularity for automotive applications. Two exclusive sections examine light-duty and heavy-duty diesel engines. Fuel injection systems and after treatment systems for DI diesel engines are discussed. The final section addresses exhaust emission control strategies, including combustion diagnostics and modelling, drawing on reputable diesel combustion system research and development. Investigates how HSDI and DI engines can meet ever more stringent emission legislation Examines technologies for both light-duty and heavy-duty diesel engines Discusses exhaust emission control strategies, combustion diagnostics and modelling
