### ANSWER TO NON-MUSLIM QUESTIONS Zondervan Academic

For the world's one billion Muslims, Jesus is a prophet. A highly respected prophet, but one of many throughout history. For Christians, Jesus is more than a prophet. He alone is God incarnate, Lord and Savior. And therein lies the most profound difference between the two faiths. Based upon the authors' extensive dialogues and debates with skeptical, angry, and interested Muslims, liberal Christians, and mainstream journalists, *More Than a Prophet* answers nearly 150 questions about Islamic and Christian faith. Sympathetic to Muslim concerns yet uncompromising in its portrayal of historic Christian truth, *More Than a Prophet* is an indispensable handbook for Christians who want to share their faith with sensitivity and intellectual honesty. It is also a helpful introductory resource for those seeking to understand Jesus. - Back cover.

Why "the Muslim question" is really about the West and its own anxieties—not Islam In this fearless, original book, Anne Norton demolishes the notion that there is a "clash of civilizations" between the West and Islam. What is really in question, she argues, is the West's commitment to its own ideals: to democracy and the Enlightenment trinity of liberty, equality, and fraternity. In the most fundamental sense, the Muslim question is about the values not of Islamic, but of Western, civilization.

### Questioning Islam Harper Collins

No one can deny that Islam is very much in the spotlight today. In spite of extremely negative portrayals by Western media (or perhaps because of them), increasing numbers of people are seeking to find out more about it. And more often than not, they are being pleasantly surprised by the fruits of their research. In fact, more people are embracing Islam today than they did prior to September 11, 2001.

A letter printed in the pages of *The New York Times* in 2007 acknowledged differences between Christianity and Islam but contended that "righteousness and good works" should be the only areas in which the two compete. That letter and a collaborative Christian response appear in this volume, which includes subsequent dialogue between Muslim and Christian scholars.

More Than a Prophet Peace Vision

Was the Holy Prophet of Islam in any doubt about his Prophethood? Were any miracles shown by him? Did he possess the knowledge of the Unseen? These and some other questions are answered in this book, by Hazrat Mirza Ghulam Ahmad, the Promised Messiah and Mahdi(as), founder of the Ahmadiyya Muslim Jama'at. The Author corrects the miss-interpretation of the verses of the Holy Quran, spread by the detractors of Islam. He describes in detail the genesis of miracles, in the light of the Miracle of the Holy Quran, and repudiates the aspersions cast on Islam, through strong arguments and pertinent examples from the Gospels. A must read for the seeker after truth.

The dictionary focuses primarily on the 19th and 20th centuries, stressing topics of most interest to Westerners. What emerges is a highly informative look at the religious, political, and social spheres of the modern Islamic world. Naturally, readers will find many entries on topics of intense current interest, such as terrorism and the Taliban, Osama bin Laden and al-Qaida, the PLO and HAMAS. But the coverage goes well beyond recent headlines. There are biographical profiles, ranging from Naguib Mahfouz (the Nobel Prize winner from Egypt) to Malcolm X, including political leaders, influential thinkers, poets, scientists, and writers. Other entries cover major political movements, militant groups, and religious sects as well as terms from Islamic law, culture, and religion, key historical events, and important landmarks (such as Mecca and Medina). A series of entries looks at Islam in individual nations, such as Afghanistan, the West Bank and Gaza, Bosnia-Herzegovina, and the United States, and the

In "Islam Unveiled," Robert Spencer dares to face the hard questions about what the Islamic religion actually teaches--and the potentially ominous implications of those teachings for the future of both the Muslim world and the West. Going beyond the shallow distinction between a "true" peaceful Islam and the "hijacked" Islam of terrorist groups, Spencer probes the Koran and Islamic traditions (as well as the history and present-day situation of the Muslim world) as part of his inquiry into why the world's fastest growing faith tends to arouse fanaticism. "Islam Unveiled" evaluates the relationship between Islamic fundamentalism and "mainstream" Islam; the fixation with violence and jihad; the reasons for Muslims' disturbing treatment of women; and devastating effects of Muslim polygamy and Islamic divorce laws. Spencer explores other daunting questions--why the human rights record of Islamic countries is so unrelievedly grim and how the root causes of this record exist in basic Muslim beliefs; why science and high culture died out in the Muslim world--and why this is a root cause of modern Muslim resentment. He evaluates what Muslims learn from the life of Muhammad, the man that Islam hails as the supreme model of human behavior. Above all, this provocative work grapples with the question that most preoccupies us today: can Islam create successful secularized societies that will coexist peacefully with the West's multicultural mosaic?

Most Common Questions Asked by Non Muslims Harvest House Publishers

Many questions are currently being asked about the place of Islam in the modern world. Among these questions the most important one of all sometimes gets lost: Is Islam true? With his new book author Peter Townsend invites you to accompany him on a journey through the foundational texts of the Muslim religion. In the process the truth-claims of Islam will be respectfully, honestly and impartially evaluated. Along the way the following questions will be asked: - Can the traditional Islamic historical accounts be trusted? - Is the Qur'an a 'Perfect Book, Perfectly Preserved'? - Was Muhammad indeed a 'Beautiful Pattern of Conduct'? The answers to these questions will not be sought from modern commentaries on Islam. Instead Questioning Islam goes straight to the classic sources of Islam namely the Qur'an, hadiths (traditions) and

biographies of Muhammad. Questioning Islam is not an attempt to promote any other belief system or ideology. Its focus is simply on asking the hard questions about Islam that are all too often ignored or swept under the carpet. Simply put, if you have ever wondered whether the truth-claims of Islam can withstand critical scrutiny then this book is for you!

The classic translation of the Koran by a convert to Islam In 1930, Mohammed Marmaduke Pickthall, a Western Islamic scholar and convert to Islam, published this English translation of the Koran, the central religious text of Islam, which the *Times Literary Supplement* lauded as " a great literary achievement. [From a review posted on the net.] The blurb on the back says "There are surprises in this book." No kidding. There are surprises on every page. This is the definitive ' everything you wanted to know about Muslims but were too afraid to ask ' book. And, actually, you 'd do well to be afraid because some of the answers to the FAQs are a bit scary. And surprising. And occasionally not an answer at all. Take this answer about whether or not pictures are forbidden by Islam for example. "Given the choice of sticking an icpick up your nose, or reconciling the points of view, go for the icpick. It 's all over in a second or two that way". In a lot of ways this is really a very funny book on a very serious subject and the tone, throughout, is conversational rather than conspiratorial. It 's extraordinarily readable. The author puts none of his own opinions in and this removes the sense that you are being driven to somebody 's point of view. The Question that I most Frequently Asked myself while reading Islam F.A.Q was "Where is the faqing index?" This would be a great reference book for schools etc but...no index. Where 's the stuff on Fatwa? Apostasy? Taliban? Jihad? All these are well covered but unless you dog ear the pages, you 'll be trawling back and forth trying to find what you want. It 's probably because I am a senior school teacher that I think like this, and in the back of my mind there is the thought that this author has come up with a brand new genre. The non-fiction book that is meant to be read for an overall picture, not bought for research. I guess the best way to read it is from the beginning. All the way through. Buy it but be prepared for

surprises.
