The 7th edition of ENDURING
QUESTIONS continues to
explore and examine virtually all
of the classical and contemporary
questions posed by the major
philosophers of western
civilization. From the
philosophical traditions of ancient
Greece to the present day, the
ways of understanding our own
knowledge, the nature of reality,
the basis of morality, and social
ideals are presented in the
philosophers "own writings", a
panoramic collection for
introductory students. This text
has endured since Melvin Rader
originated it in 1956, and it
continues to stand the test of time

as a valuable core book of readings
