Make sure the miracle is important to you. Keep the miracle small. Define the change with language that is positive, specific, and ...

### **Solution-Focused Brief Therapy | Psychology Today**

When using solution-focused techniques, counsellors are encouraged to be flexible in their approach. The primary consideration is to always work within the client's frame of reference in a solution-focused manner. The use of appropriate language is an important factor in the success of solution-focused therapy.

Solution-focused (brief) therapy (SFBT) is a goal-directed collaborative approach to psychotherapeutic change that is conducted through direct observation of clients' responses to a series of precisely constructed questions.
