"O'Reilly Media, Inc."

The Toyota Way Fieldbook is a companion to the international bestseller The Toyota Way. The Toyota Way Fieldbook builds on the philosophical aspects of Toyota's operating systems by detailing the concepts and providing practical examples for application that leaders need to bring Toyota's success-proven practices to life in any organization. The Toyota Way Fieldbook will help other companies learn from Toyota and develop systems that fit their unique cultures. The book begins with a review of the principles of the Toyota Way through the 4Ps model- Philosophy, Processes, People and Partners, and Problem

Solving. Readers looking to learn from Toyota's lean systems will be provided with the inside knowledge they need to Define the companies purpose and develop a long-term philosophy Create value streams with connected flow, standardized work, and level production Build a culture to stop and fix problems Develop leaders who promote and support the system Find and develop exceptional people and partners Learn the meaning of true root cause problem solving Lead the change process and transform the total enterprise The depth of detail provided draws on the authors combined experience of coaching and supporting companies in lean transformation. Toyota experts at the Georgetown, Kentucky plant, formally trained David Meier in TPS. Combined with Jeff Liker's extensive study of Toyota and his insightful knowledge the authors have developed unique models and ideas to explain the true philosophies and principles of the Toyota Production System.

Following the success of the Cracking  
Contraptions Manual, Wallace has pulled  
the dust sheets off a further 20 of his  
ingenious inventions, from the Mind  
Manipulation-O-Matic and Bun Vac 6000  
(Curse of the Were Rabbit) to the Jumbo  
Generator and Steam Chair (World of  
Inventions). Cracking Contraptions 2 again  
features superbly detailed cutaway  
drawings by Graham Bleathman,  
informative technical descriptions and color  
photographs throughout. This time, as well  
as reprising his role as editor, Wallace  
plans to take control of the entire print  
production process.

Incorporated

Ant Anstead's Building a Special brings the Haynes  
story full circle, coming 61 years after the original  
Building a 750 Special was written by John Haynes,  
Haynes Publishing's founder, when he was still a  
schoolboy. This book is a TV tie-in, following the  
12-part TV series Ant Anstead Master Mechanic,  
aired on Motor Trend, part of the Discover  
Network in the US and UK, following Ant  
Anstead's build of his own-design 'special' car,  
taking inspiration from the Alfa 158 - the first  
World Championship-winning F1 car, which raced  
from the 1930s until the 1950s. The 12-part TV  
series followed Ant's build of the car, from the first  
design ideas, through the construction, culminating  
in the debut of the car during the 2019 US Grand  
Prix weekend in Austin, Texas. The book follows  
Ant's personal build of the car, from the selection of  
the donor MG TD for the chassis, and Alfa Romeo  
Spider for the engine and gearbox, through  
modifying the chassis, building the suspension,  
steering, brakes, bodywork and interior, and putting  
all the components together to produce a finished  
one-off 'special.' Content includes: Introduction  
The history of specials Planning Donor car Chassis,  
suspension, steering, rear axle Engine, fuel system,  
cooling system, ancillaries, exhaust Gearbox  
Bodywork Braking system Cockpit Wiring  
Preparation and painting Testing Setting up and  
Making road legal.
