I think it's interesting though. I think it's interesting that in some sense that that's all happiness is, for surely if everyone were the freckle in the tar then there would be no tar-then we would all wish to be the tar bit in the freckles. If everyone were psycho-drunk-cut-all-their-fingers-off-with-a-steak-knife-f\*cked-up at the bar, then who in the f\*ck would really think it interesting to put such a story in the news? If everyone wore a smile and you never saw even one cloud in the wink of all your days then who in the f\*ck would be relieved by another? And it's fun to twist and spit on the plot-fun to run the f\*cking lawn mower through the fence and see how far it goes-fun to take your mattress outside and jump on it naked in the middle of the street-but oh my oh my if we didn't make each other feel like a night cry in the murmur then we would have no reason to murder each other and oh my oh my what a pleasure it is to murder each other-what a pleasure it is for me to come home and cry-to stop crying and stop being such a pussy-to not stop stopping being such a pussy and fill-up a red-container with Mario's juice and burn Uber to my feet-make them feel like me-make them lose the one-moment that feels to be the one that lasts-make them unmake them.
