Bob Tasca is, quite simply, the world's most effective practitioner of customer satisfaction. His accomplishments are astounding. His small Ford dealership is consistently among the world's best in sales volume, and industry executives from all over often visit in order to learn from his operation. Though he sells a generic product, Tasca has at times achieved the unheard-of feat of capturing 24 percent of his metro market, and he regularly sees 65 percent of his customers return -- triple the loyalty rate of his competitors. In You Will Be Satisfied, he reveals how anyone, whether shoe salesman, software company middle manager or bookstore owner, can drive customer loyalty to dizzying heights. In the book's short, punchy chapters, real-life anecdotes and bulleted lessons, readers will find the knowledge and tools they need to send their sales soaring.

He is a spectre hidden in the mists of a large multinational. After waiting years, planning, building, assembling, his time has finally come!. Only when it exploded onto the TV screens of American homes and transformed the streets of Washington into a blood bath did the world comprehend his arrival. By then however, it was too late! Whether he lived or died, his plan would unfold and soon it would hang Tsunami-like over our lives. So begins the story that will make you look twice at every tablet you take. Sandy, a South African stockbroker is drawn into a terrifying web of hired assassins, some visible but others hidden within the human body! Her best friend is brutally murdered and then she is held hostage. The story her captor tells her before she kills him chills her blood! Across the ocean, the top genetic engineer from an ultra secret biolab disappears. Five months later the US President is infected with the perfect weapon: unseen, unstoppable, irreversible. He dies within 3 weeks. The Vice President takes over the reins but he too is infected with a much deadlier genetic assassin. Within days he becomes demented and in a fit of induced madness unleashes 3 nuclear weapons against a fleet of sinister battle craft off the Californian coast. Estimated American dead: 14 million! In a huge mansion overlooking the Bosphorus Straits sits the man who is the key to both these events. A product of Nazi genetic testing, his time for revenge has come! From Libya to the Ukraine, from Washington to Munich, from Cape Town to Jerusalem he draws the world into a spiral of horror and terror it beyond our comprehension! China threatens the USA with a naval power that can defeat even her most awesome super carriers! Ukranian troops invade

Belarus. In the terrifying climax deep beneath the Mamara Sea, Sandy must confront this devil personified whose sole desire is to bring humankind to the brink of extinction! If she fails, we all lose! Unknown to her, this evil genius is one step ahead of her all the way. His final act is to use Sandy to reproduce his ultimate creation: ADAPT, code named Lucifer!

This practical and engaging book provides a coherent approach to global business responsibility and ethics based on the latest research, theory, and practice. The authors incorporate numerous interesting and current real world examples to support the argument that corporations need to - and can - identify and implement processes that foster ethical conduct, ensure basic human rights, protect the natural environment, and enhance social justice wherever businesses operate around the globe. "Global Business Citizenship" combines elements of political theory, stakeholder relationships, business ethics, corporate social performance, accountability and measurement, and organizational change. Its practical approach encompasses "best practices" in stakeholder management, experiments in applying corporate values to local conditions, and social environmental auditing and reporting. Focusing on the strategic alignment and change management process for implementing business citizenship principles and practices, it is an essential supplement for any course concerned with ethics and social responsibility in today's global business climate.
