Books
John Denver was
America's biggest-

selling solo star of
the '70s. In
commercial terms
he was on a par
with Sinatra in the
'40s, Elvis in the
'50s and the
Beatles in the
'60s. He
experimented with
a variety of styles
and won fans from
such diverse
worlds as folk, pop
and country
music. Beneath
the often tranquil
surface of his
music and his
clear, clean tenor
voice, however,
lurked a darker
side to Denver's
character. The
writer of 'Annie's
Song', one of the
most
straightforward
and personal
expressions of

love, became a
wife-beater. The
man who cavorted
with the Muppets
was an alcoholic.
The committed
environmentalist
had his own plane,
the most polluting
form of transport.
John Collis has
delved deep to
discover exactly
who John Denver
was. By
unravelling the
complexities of the
singer's
personality and
background, he
reveals Denver as
a complicated,
contradictory man,
much more
intriguing than the
sometimes placid
surface of his
music might
suggest. Millions
of people around

the globe found something in his music that touched their souls; Collis, by charting Denver's career and development as an artist, explores his legendary contribution not only to the world of music but also to the society of which he was a protagonist and a victim.
