The Manual of Tests and Criteria contains criteria, test methods and procedures to be used for classification of dangerous goods according to the provisions of Parts 2 and 3 of the United Nations Recommendations on the Transport of Dangerous Goods, Model Regulations, as well as of chemicals presenting physical hazards according to the

Globally Harmonized System of Classification and Labelling of Chemicals (GHS). At its ninth session (7 December 2018), the Committee adopted a set of amendments to the sixth revised edition of the Manual as amended by Amendment 1. This seventh revised edition takes account of these amendments. In addition, noting that the work to facilitate the use of the Manual in the context of the GHS had been completed, the Committee considered that the reference to the "Recommendations on the Transport of Dangerous Goods" in the title of the Manual was no longer appropriate, and decided that from now on, the Manual should be entitled "Manual of Tests and Criteria".

Blackstone's Police Manual on Evidence and Procedure is the leading text on police law, and the only official reference work for police officers preparing for promotion examinations and for probationary officers. It covers all aspects of evidence law and procedure from a police officer's perspective. The 2005 edition has been extensively revised to incorporate all legislative developments such as the Criminal Justice Act 2003, the Sexual Offences Act 2003, and the Anti-Social Behaviour Act 2003, and a number of case decisions and changes in policy. Blackstone's Police Manuals have become the best-selling police reference text in the UK. In addition to being the only official study guide for the police promotion examination in England and Wales, and the recognised text for police probationers, the Manuals have quickly established themselves as the definitive source for all who are involved

Endorsed by Central Police Training and Development Authority, the Manuals have been written in consultation with police force in England and Wales, incorporating views from Detective schools, Driver Training Centres, and operational officer and police managers countrywide. This new edition focuses on Evidence and Procedure and covers key topics including: summonses and warrants; bail; court procedure and witnesses; youth justice and youth crime and disorder; evidence, incorporating exclusion of admissible evidence, and the disclosure of evidence; interviews; and custody officers' duties.
