Motorbooks International Rebuild and modify your Ford inline six with help from the leading performance builders of these engines, Vintage Inlines! Covering Ford's small 6-cylinder engine made famous in Falcons, Comets, Mustangs, and many other models from the 1960s and 1970s, this book has everything you need to know from step-by-step rebuilding instructions to performance parts that will set you apart from the rest of the crowd. If this is your first engine build,

you'll be glad to know that every aspect of a complete rebuild is here. Starting with engine removal, you'll learn all the different steps, including examination, machine work, reassembly, and reinstallation. The mystery is revealed on setting ring gap, checking valve-to-piston clearance, and even degreasing the camshaft for spot-on valve timing! Whether it's replacing the undersized and outdated 1-barrel carburetor or the original Load-O-Matic distributor, you'll learn how to

get the most from the engine that came as original equipment in literally millions of our favorite Ford vehicles. With the information in this book, you'll learn how to add a 2-barrel carburetor, electronic ignition, and even a header so you can have the smooth rumble of dual exhaust. Congratulations on your decision to build and modify one of the most popular engines from some of the most popular cars in Ford's long history with Ford Inline Six: How to Rebuild & Modify! there is to know about the most popular vehicles in history. Ford's F-series pickups are simply the most popular vehicles ever. The F150 set a modern-day single-month sales record for the industry with 126,905 trucks sold in July 2005, the most sales of any single nameplate in any month since the days of the Ford Model T. The F-series has been the best-selling vehicle in the world for most of the past forty years, and to date

Ford has produced nearly fifty million models. The Complete Book of Classic Ford F-Series Pickups covers all the classic models in Ford's popular line of light-duty trucks, from the first F-1 pickup of 1948 through 1976.
