Popular Science Macmillan

This book is based on author Karl Ludvigsen's premise that "consideration of customer needs as a first priority in every aspect of the auto business is not only possible but essential for future success & profitability." He calls this philosophy "customerizing." This book comprehensively explains what it takes to build a customer-driven company. While the examples used are taken from the automotive industry, the "customerizing" concepts described in the book can applied to virtually any industry.
