A behind-the-scenes look at

Lexus's surprising twenty-year  
success story—in a revised new  
edition In the 1980s, German  
brands BMW and Mercedes-  
Benz dominated the luxury car  
market and had little reason to  
fear competition from Japan.  
But in 1989, Toyota entered the  
market with the Lexus LS 400,  
a car that could compete with  
the Germans in every category  
but price—it was US\$30,000  
cheaper. Within two years,  
Lexus had overtaken Mercedes-  
Benz in the United States and  
made a stunning success of  
Toyota's brave foray into the  
global luxury market. Lexus:  
The Relentless Pursuit reveals  
why Toyota decided to take on  
the German automakers and  
how the new brand won praise  
and success for its unparalleled  
quality, unforgettable  
advertising, and unprecedented  
customer service. From the first  
boardroom planning session to  
Lexus's entry into the mega-  
luxury supercar market, this is  
the complete and compelling  
story of one of the world's most

admired brands. Includes a new Foreword by legendary designer Erwin Lui, an Afterword with updates since the first edition, and a new Coda by leading Japanese automotive journalist Hisao Inoue Covers the racetrack triumph—and tragedy—behind the new US\$375,000 Lexus LFA supercar Offers important business lessons for brand managers and executives For car enthusiasts, business leaders, and anyone interested in branding and marketing, Lexus: The Relentless Pursuit offers an amazing story of excellence and innovation in the automotive industry. #### Consumers Digest

As Toyota skids into an ocean of problems and uncertainty continues in the U.S. automotive industry, Lemon-Aid Used Cars and Trucks 2011/2012 shows buyers how to pick the cheapest and most reliable vehicles from the past 30 years. Lemon-Aid guides are unlike any other car and truck books on the market. Phil Edmonston, Canada's automotive Dr. Phil for 40 years, pulls no punches. Like five books in one, Lemon-Aid Used Cars and Trucks is an exposé of car scams and gas consumption lies; a do-it-yourself service manual; an independent guide that covers beaters, lemons, and collectibles; an archive of secret service bulletins granting free repairs; and a legal primer that even lawyers can't beat! Phil delivers the goods on free fixes for Chrysler, Ford, and GM engine, transmission, brake, and paint defects; lets you know about Corvette and Mustang tops that fly off; gives the lowdown on Honda, Hyundai, and Toyota engines and transmissions; and provides the latest information on computer module glitches.
