## Backpacker Nirali Prakashan

**\*\*A New York Times Bestseller!\*\*** Based on the wildly popular Instagram account, Subpar Parks features both the greatest hits and brand-new content, all celebrating the incredible beauty and variety of America's national parks juxtaposed with the clueless and hilarious one-star reviews posted by visitors. Subpar Parks, both on the popular Instagram page and in this humorous, informative, and collectible book, combines two things that seem like they might not work together yet somehow harmonize perfectly: beautiful illustrations and informative, amusing text celebrating each national park paired with the one-star reviews disappointed tourists have left online. Millions of visitors each year enjoy

Glacier National Park, but for one visitor, it was simply "Too cold for me!" Another saw the mind-boggling vistas of Bryce Canyon as "Too spiky!" Never mind the person who visited the thermal pools at Yellowstone National Park and left thinking, "Save yourself some money, boil some water at home." Featuring more than 50 percent new material, the book will include more depth and insight into the most popular parks, such as Yosemite, Yellowstone, the Grand Canyon, and Acadia National Parks; anecdotes and tips from rangers; and much more about author Amber Share's personal love and connection to the outdoors. Equal parts humor and love for the national parks and the great outdoors, it's the perfect gift for anyone who loves to spend time outside

A Marine Infantry Officer confesses his lust for killing and f!cking everything in sight, his desire to beat his boss's face in and frag the battalion staff, his willingness to risk Afghan civilians in order to save Marines, his burning desire to win a game of gay chicken at all costs, his personal mission to nail the combat reporter who joined his unit, his sexual arousal at the sight of ED (Enemy Death), and his inability to take serious things seriously; while planning and executing the last combat operation of his deployment in Afghanistan; a nighttime helicopter raid named, Operation Branding Iron Part 2.1A. (Continued from National

Geographic's "Battlefield Afghanistan") This is undoubtedly the most honest and raw account of an Officer's thoughts and actions during combat that has ever been written. After publishing this book, Donny O'Malley's job options are now reduced to low level sales and day labor construction. It is still unclear how he ever made it out of the Marines without court martial. Senior officer's will slam him, military historians will be shocked, and all civilians will be 100% certain he's psychotic. Fortunately, the book is written for the opposite of those mentioned above. It's written for Enlisted guys. Officers who are brave enough to read will either cry themselves to sleep, jerk themselves off to Donny's picture, or will ask their buddies to write them up for an

---

award with V for having the moral courage to finish the book. This book is a reach-around to all enlisted, and a F!CK YOU to every Officer who has ever written a politically correct, full-of-sh!t, "I'm a great leader," book about combat. Every single one of those fucking jerkoffs wrote a book for civilians that not a single enlisted guy ever gave two-shits about. The truth is that Marines love killing more than they love pvssy; they fantasize about mowing down insurgents with a 240 on post while 70 virgins take turns blowing them. This is who we are, and I'm sick and tired of nerdy book writers hiding our reality from the public. F!ck the public, they'll judge us and say we're psychotic until they watch an ISIS beheading video, and then they'll beg us to

come out of our cage to fight the bad guys. At which time we'll head to the front line of evil and kill them all with a smile. Enjoy the read my brothers, this one's for you.

kindred spirit. Kyler has sworn off girls, yet Faye gets under his skin. The more he pushes her away, the more he's drawn to her, but acting on those feelings risks a crap-ton of prejudice, and any whiff of scandal could damage the precious Kennedy brand.

A New York Times Editors' Choice • Best Book of the Year: Time, NPR, Bookpage,

L.A. Times What does it mean to be American? In this starkly illuminating and impassioned book, Pulitzer Prize – finalist Laila Lalami recounts her unlikely journey from Moroccan immigrant to U.S. citizen, using it as a starting point for her exploration of American rights, liberties, and protections. "Sharp, bracingly clear essays."—Entertainment Weekly Tapping into history, politics, and literature, she elucidates how accidents of birth—such as national origin, race, and gender—that once determined the boundaries of Americanness still cast their shadows today. Lalami poignantly illustrates how white supremacy survives through adaptation and legislation, with the result that a caste system is maintained that keeps the modern equivalent of white

male landowners at the top of the social hierarchy. Conditional citizens, she argues, are all the people with whom America embraces with one arm and pushes away with the other. Brilliantly argued and deeply personal, *Conditional Citizens* weaves together Lalami's own experiences with explorations of the place of nonwhites in the broader American culture.
