Haynes manuals are written specifically for the do-it-yourselfer, yet are complete enough to be used by professional mechanics. Since 1960 Haynes has produced manuals written from hands-on experience based on a vehicle teardown with hundreds of photos and illustrations, making Haynes the world leader in automotive repair information. Covers Chevy S-10 and GMC Sonoma pickups (1994-2004), Blazer and Jimmy (1995-2004), GMC Envoy (1998-2001), and Oldsmobile Bravada & Isuzu Hombre (1996-2001).

Sciousness Clymer Yamaha YZ125-250; WR250Z, 1988-1993

Haynes offers the best coverage for cars, trucks, vans, SUVs and motorcycles on the market today. Each manual contains easy to follow step-by-step instructions linked to hundreds of photographs and illustrations. Included in every manual: troubleshooting section to help identify specific problems; tips that give valuable short cuts to make the job easier and eliminate the need for special tools; notes, cautions and warnings for the home mechanic; color spark plug diagnosis and an easy to use index.

Yamaha Grizzly 660 2002-2008 Haynes Manuals N. America, Incorporated

Suspension is probably the most misunderstood aspect of motorcycle performance. This book, by America's premier suspension specialist, makes the art and science of suspension tuning accessible to professional and backyard motorcycle mechanics alike. Based on Paul Thede's wildly popular Race Tech Suspension Seminars, this step-by-step guide shows anyone how to make their bike, or their kid's, handle like a pro's. Thede gives a clear account of the three forces of suspension that you must understand to make accurate assessments of your suspension's condition. He outlines testing procedures that will help you gauge how well you're improving your suspension, along with your riding. And, if you're inclined to perfect your bike's handling, he even explains the black art of chassis geometry. Finally, step-by-step photos of suspension disassembly and assembly help you rebuild your forks and shocks for optimum performance. The book even provides detailed troubleshooting guides for dirt, street, and supermoto--promising a solution to virtually any handling problem.

The service manual by Clymer is an authoritative piece of DIY literature and should provide you the confidence you need to get the job done and save money too.

My First I Can Draw Haynes Manuals N. America, Incorporated

Get an inside look at the real beginning of outlaw biker culture with this "raucous and heartfelt recounting of the early days of biker clubs" (Roadbike). The story starts one weekend in 1947, at a motorcycle race in Hollister, California. A few members of one club, the no-holds-barred "Boozefighters," got a little juiced up and took their racing to the street. Word of the fracas spread, and soon enough Life magazine was on hand to tell the world, with sensational (albeit posed) pictures of the outlaws. And then the "Hollister riot" made its way into the movies, immortalized in Marlon Brando's "The Wild One." What was the reality behind the myth? Through interviews with the surviving members of the Boozefighters, current member Bill Hayes and club historian Jim "JQ" Quattlebaum take readers right into the fray for a firsthand account of what happened in Hollister, and the formation of the Boozefighters, where the outlaw biker culture truly began. The book, "with its great stories and entertaining real-life characters" (MotorcycleUSA.com), is "mandatory reading for anyone interested in American motorcycling history" (Minnesota Motorcycle Monthly).

Yamaha Racing Motorcycles Lippincott Williams & Wilkins

Describes the rules and techniques of moto-cross racing and the construction of the motorcycles used in the events.
