McGraw-Hill Education (UK) The Survival Guide to Journalism is aimed not only at undergraduate and post-graduate students of Journalism, but indeed anyone from any background who is interested in making a living (full or part-time) either through

their writing and editorial ability. In it you'll find some traditional journalistic principles as well as up-to-date information on where the best opportunities are today. My advice is deliberately hands-on and straight to the point, and I have included useful tips from top working professionals. There are exercises to try out and short Q&A sessions to help clear up any uncertainties there may be

about each chapter. Where possible, I have included useful links and contacts to organisations that specialise in helping aspiring journalists to survive through those difficult first months and years. Because it pays to have the right survival skills, The Survival Guide to Journalism sums up the state of the industry today and how to establish yourself in it, as well as including practical guidelines on news and feature

Chronological Bible Reading Guide  
presents the arrangement of events recorded in the Bible in sequential order to help us better understand how time flows through and joins, or occasionally separates,

these sixty-six individual books. When seen in context with the historical, political, and religious settings, we can better understand the different lessons told in different styles and literary forms including poetry, prophecy and epistles as they are intertwined with history. These readings are grouped by chapter, and

---

while this does not provide a perfect chronology (if that is even possible), it comes fairly close and helps retain some of the original authors' flow when switching between books. The daily readings provide a guide through the entire Protestant canon in one calendar year. Or read at your own rate through God's word of

truth. This guide is the result of more than a decade of personal study in Biblical history and fine-tuning the daily readings to maintain a consistent reading time. Invest 10-15 minutes a day to increase your faith and understanding of Scripture! "Faith comes from what is heard, and what is heard comes through the message about Christ" Romans 10:17.

The word of God is "more desirable than gold—than an abundance of pure gold; and sweeter than honey, which comes from the honeycomb" Psalm 19:10.

To many Christians the Old Testament is a mysterious document, a treasure hidden in the dust of antiquity. It is historical,

---

it tells the story of ancient Israel but has it anything to do with me? Seeing the Big Picture is the story of one man's voyage of discovery. The Bible as a whole is the dramatic story of redemption, which comes to a climax in the New Testament. In every book of the Old Testament the theme of the coming of Christ is there, burning brightly like a lamp in the darkness, heralding the day when the glory of the Christ would burst majestically forth. Suddenly I saw that this was truly one story. It was almost as if someone had turned a light on. I could see things much more clearly... and so many aspects of the New Testament study were brought into such clear focus that I understood as never before.
