From the author of *Courting Mr. Lincoln* comes a different kind of Christmas story featuring a grown up Tiny Tim, this breathless flight through the teeming markets, shadowy passageways, and rolling brown fog of 1860s London would do Dickens proud for its surprising twists and turns, and its extraordinary heart. It's the Christmas season, and Mr. Timothy Cratchit, not the pious child the world thought he was, has just buried his father. He's also struggling to bury his past as a cripple and shed his financial ties to his benevolent "Uncle" Ebenezer by losing himself in the thick of London's underbelly. He boards at a brothel in exchange for teaching the mistress how to read and spends his nights dredging the Thames for dead bodies and the treasures in their pockets. Timothy's life takes a sharp turn when he discovers the bodies of two dead girls, each seared with the same cruel

brand on the upper arm. The sight of their horror-struck faces compels Timothy to become the protector of another young girl, Philomela, from the fate the others suffered at the hands of a dangerous and powerful man.

Around the world, parties of the left and center-left have been struggling, losing ground to right-wing parties and various forms of reactionary populism. This book brings together a range of leading academics and experts on social democratic politics and policy to offer an international, comparative view of the changing political landscape. Using case studies from the United Kingdom, Germany, Spain, France, Australia and New Zealand contributors argue that despite different local and specific contexts, the mainstream center-left is beset by a range of common challenges. Analysis focuses on institutional and

structural factors, the role of key individuals, and the atrophy of progressive ideas as interconnected reasons for the current struggles of the center-left.
