"For years, Zaya has delicately balanced his relationship with his Muslim faith and queer identity by keeping his genderqueer lover and manipulative mother apart. But when his mother ends up in the hospital on the same day his partner is leaving for pilgrimage, Zaya's worlds come crashing in on each other, opening a

space for traumatic memories to resurface. Acha Bacha boldly explores the intersections between queerness, gender identity, and Islamic culture in the Pakistani diaspora. It's about the way we love, the way we are loved, and what it takes to truly accept love."--

The photos in this edition are black and white. Brake systems are one of the most important yet least understood vehicle systems. Brake systems can be intimidating, and they aren't the first thing the average horsepower junkie chooses to upgrade. But there's no reason to wait until you have a problem to learn how your brakes work. High-Performance Brake Systems: Design, Selection,

and Installation gives you the knowledge to upgrade your brakes the right way the first time. Author James Walker, Jr. doesn't just tell you what to do--he uses over 315 photos and plain English to help you understand how and why your brake system works, what each of the components does, and how to intelligently upgrade your brakes for better performance. There are chapters showing you how to choose and install the most effective rotors, calipers, pads, and tires for your sports car, muscle car, race car, and street rod. You'll even find special sidebars detailing how each upgrade will affect your ABS system. Whether you are a commuter, a casual enthusiast, a weekend warrior, or a professional racer, this book is perfect for you.

With a fresh approach to a common problem, this self-help guide to overcoming back pain advocates adopting the natural, healthy posture of athletes, young children, and people from traditional societies the world over. Arguing that most of what our culture has taught us about posture is misguided—even unhealthy—and exploring the

current epidemic of back pain, many of the commonly cited reasons for the degeneration of spinal discs and the stress on muscles that leads to back pain are examined and debunked. The historical and anthropological roots of poor posture in Western cultures are studied as is the absence of back pain complaints in the cultures of Africa, Asia, South America, and rural Europe. Eight detailed chapters provide illustrated step-by-step instructions for making simple, powerful changes to seated, standing, and sleeping positions. No special equipment or exercise is required, and effects are often immediate.

*Mini Down Under* traces the history of one of New Zealand's - and the world's - best-loved cars. More versions of the Mini were available in New Zealand than anywhere else, and the launching of the iconic car in February 1960 was a larger-than-life event. In this lively and personal story, the author tracks the Mini's life in New Zealand, the connection

between Kiwi racing driver Bruce McLaren and the birth of the Mini Cooper, the heady days of competition success in the Antipodes, the local assembly and marketing of the classic original car and the eventual development into the latest generation Mini for a new century.
