Global Business Dell Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years,

Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the

abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

High-Performance Brake

Systems Lindhardt og Ringhof The most comprehensive guide available on the science, application, theory, and technology of wheels and tires. With a fresh approach to a common problem, this self-help guide to overcoming back pain advocates adopting the natural, healthy posture of athletes, young children, and people from traditional societies the world over. Arguing that most of what our culture has taught us about posture is misguided—even unhealthy—and exploring the current epidemic of back pain, many of the commonly cited reasons for the degeneration of spinal discs and the stress on muscles that leads to back pain are

examined and debunked. The historical and anthropological roots of poor posture in Western cultures are studied as is the absence of back pain complaints in the cultures of Africa, Asia, South America, and rural Europe. Eight detailed chapters provide illustrated step-by-step instructions for making simple, powerful changes to seated, standing, and sleeping positions. No special equipment or exercise is required, and effects are often immediate.

The Pedal on the Right CRC Press
You're sitting at a stop light, waiting for the light to turn green. While there, you consider the roads your life has taken. You realize that maybe it's time for a change. Maybe you should alter your direction. Are you brave enough to take a necessary turn toward a new goal? Don't be afraid. The light is turning for you; just put the pedal to the floor. N.M.

Corcoran's *The Pedal on the Right* is a collection of poems, short stories, and general observations that will inspire you to turn the wheel of life and head in the right direction. There is so much to learn and so much to love! For instance, in "DUH," Corcoran notes the difference between men and women behind the wheel; in "Amen," she retraces the life and death of a dear friend. This isn't another Chicken Soup for the Soul; this is hearty meat and potatoes for every inch of you—physical, emotional, and spiritual. It is easy to read, easy to share, and immeasurably useful as you hazard the crowded roads of your life. Whether in traffic or smooth sailing, we all need a pick-me-up now and then!

Mini Down Under

Penguin

Explains the workings of automobile brake systems and offers advice on the installation, testing, maintenance, and repair of brakes
Back For More!

Motorbooks

Mini Down Under traces the history of one of New Zealand's - and the world's - best-loved cars. More versions of the Mini were available in New Zealand than anywhere else, and the launching of the iconic car in February 1960 was a larger-than-life event. In this lively and personal story, the author tracks the Mini's life in New Zealand, the connection between Kiwi racing driver Bruce McLaren and the birth of the Mini

Cooper, the heady days of competition success in the Antipodes, the local assembly and marketing of the classic original car and the eventual development into the latest generation Mini for a new century.
