This fascinating visual history features more than two hundred carefully selected photographs that together document the people, places, and events that have defined the city of Toms River and the surrounding area. Located on the banks of the river of the same name, Toms River was first settled in the early 1700s by loggers drawn to the dense forests on the river's banks. During the American Revolution, the village was a constant thorn in the side of the British, and it was attacked and burned to the ground in 1783. The arrival of the railroads in the late 1800s ushered in a new age of expansion which, spurred on by the construction of the Garden State Parkway in the decade after World War II, continues to this day.

A dazzling volume that gushes with the rhythms of life and language, from award-winning poet Charlie Smith. Moving through shades of darkness and light, Charlie Smith captures a refracted view of a disturbed, disintegrating world. Demo explores landscapes both natural and urban, probing the places where the two overlap. Its narrator is at once wanderer and witness, living among streets where flowers are covered with dust and smells of Mexican food and Chinese cooking fill the air. The poet finds a resurgence of life in the ruins, reminding us once again “ that we don ’ t really know what beauty is until we ’ ve looked hard at the horror that throws beauty into bright relief ” (David Kirby, New York Times).

NEW YORK TIMES BESTSELLER • REESE ’ S BOOK CLUB PICK • “ Delightful . . . [a] captivating and slyly subversive fictional paean to the real women whose work on the Oxford English Dictionary went largely unheralded. ” —The New York Times Book Review “ A marvelous fiction about the power of language to elevate or repress. ” —Geraldine Brooks, New York Times bestselling author of People of the Book Esme is born into a world of words. Motherless and irrepressibly curious, she spends her childhood in the Scriptorium, an Oxford garden shed in which her father and a team of dedicated lexicographers are collecting words for the very first Oxford English Dictionary. Young Esme ’ s place is beneath the sorting table, unseen and unheard. One day a slip of paper containing the word bondmaid flutters beneath the table. She rescues the slip and, learning that the word means “ slave girl, ” begins to collect other words that have been discarded or neglected by the dictionary men. As she grows up, Esme realizes that words and meanings relating to women ’ s and common folks ’ experiences often go unrecorded. And so she begins in earnest to search out words for her own dictionary: the Dictionary of Lost Words. To do so she must leave the sheltered world of the university and venture out to meet the people whose words will fill those pages. Set during the height of the women ’ s suffrage movement and with the Great War looming, The Dictionary of Lost Words reveals a lost narrative, hidden between the lines of a history written by men. Inspired by actual events, author Pip Williams has delved into the archives of the Oxford English Dictionary to tell this highly original story. The Dictionary of Lost Words is a delightful, lyrical, and deeply thought-provoking celebration of words and the power of language to shape the world. WINNER OF THE AUSTRALIAN BOOK INDUSTRY AWARD

Mini Down Under traces the history of one of New Zealand's - and the world's - best-loved cars. More versions of the Mini were available in New Zealand than anywhere else, and the launching of the iconic car in February 1960 was a larger-than-life event. In this lively and personal story, the author tracks the Mini's life in New Zealand, the connection between Kiwi racing driver Bruce McLaren and the birth of the Mini Cooper, the heady days of competition success in the Antipodes, the local assembly and marketing of the classic original car and the eventual development into the latest generation Mini for a new century.
