The report discusses how economic instruments can be used to reduce CO2 emissions from passenger cars in the Nordic countries. The analysis indicate that: the registration tax and the

annual circulation tax can contribute to a reduction in the average CO2 emission from new cars; company car schemes in the Nordic countries provide incentives for larger cars and increased driving because of subsidies, and this has long term effect as a large share of new cars are registered as company cars but are used as private cars most of their lives; CO2 differentiated taxes can provide incentives to consumers to purchase CO2 efficient cars; targeted broader packages which besides providing tax incentives also offer advantages to more environmentally friendly cars can be more effective than general tax increases; transparency of targets and instruments is crucial for a large diffusion of CO2 efficient cars.

Canada's automotive "Dr. Phil" says there's never been a better time to buy a new car or truck. For deals on wheels, 2013 will be a "perfect storm." There's never been a better time to buy a new car or truck, thanks to a stronger Canadian dollar, a worldwide recession driving prices downward, and a more competitive Japanese auto industry that's still reeling from a series of natural disasters. In addition to lower prices and more choices, 2013 car buyers will see more generous cash rebates, low financing rates, bargain leases, and free auto maintenance programs. Buy, sell, or hold? Which cars and trucks are "wallet-friendly" and can easily last 15 years? Which vehicles offer the most features to best accommodate senior drivers? Do ethanol and hybrid fuel-saving claims have more in common with Harry Potter than the Society of Automotive Engineers? Is GM's 2013 Volt electric car destined to become an electric Edsel? These questions and more are answered in this informative guide.

The BMW 5 Series and X5 Nordic Council of Ministers

BMW is a company associated with motoring firsts. The very idea of a sports sedan was merely a novelty until BMW introduced the 5 series in 1972. As BMW's "middle child," the 5 series has drawn features from the company's smallest and largest models, establishing a reputation for performance and practicality through multiple generations. This book covers the history of the 5 series midsize sedan and the related X5 SUV from September 1972 to the e60's major makeover for 2008 and the development of the e70 X5. Specific mechanical, electronic and cosmetic changes are described, including the time of and reasons for their introduction. Several aspects of BMW's corporate history and technically related models such as the 6-series are also described, as are aftermarket modifications by Alpina, Hartge, and other specialist BMW tuners and speed shops. The book includes more than 200 photographs.

From Patagonia to Apple, Whole Foods to New Balance, we love our favorite products--and, by extension, the companies that provide them. The emotional connections we form with our beloved brands and services are important relationships--relationships that are potentially worth billions. In the fast-paced, constantly-changing world of the modern marketplace, brands must adapt or perish—strategies, methods, and techniques must evolve to remain

effective and relevant. Are you using yesterday ' s thinking for tomorrow ' s challenges? Brand Intimacy details ways to build better marketing through the cultivation of emotional connections between brand and consumer. The book provides lessons for marketers and business leaders alike who are seeking to understand these ultimate brand relationships and the opportunities they represent. Divided into three sections, Brand Intimacy starts with Context and Understanding. This explains today ' s marketing landscape, the effects of technology, consumer behaviors and the advancements around decision making. Through research we discovered that people form relationships with brands the same way they develop relationships with other people. This section provides guidance on how to think about complimentary concepts such as loyalty, satisfaction and brand value. We then explore and compare established approaches and methodologies and showcase why intimacy is a compelling new and enhanced opportunity to build your brand or market your business. The second section, Theory and Model reveals and dimensions the brand intimacy model and dissects it into steps to help you better factor it into your marketing approaches or frameworks. Here you will learn the core concepts and components that are essential to build bonds and the role emotion can play to help you achieve greater customer engagement. You can also review the rankings of the best brands in terms of Brand Intimacy. A summary of our annual research reveals the characteristics of best performers, the most intimate industries, and differences based on geography, age, gender and income. By examining the top intimate brands, we reveal and decode the secrets of the bonds they form with their customers. The third section is

---

Methods & Practice, this details the economic benefits and advantages of a strategy that factors Brand Intimacy. Intimate brands are proven to outperform the Fortune 500 and Standards and Poors ' index of brands. Intimate brands create more revenue and profit and last longer. Consumers are also willing to pay more for a brand they are more intimate with. Conversely, we also explore a series of brand failures and lessons learned to help you avoid common pitfalls in brand management. We articulate the steps to build a more intimate brand as well as share a glimpse on the future where software will play a more important role in brand building. The book outlines a proprietary digital platform that we use to help manage and enable intimacy through collaboration, simulators and real-time tracking of emotions. Business and marketing owners face an increasing difficult task to build brands that rise above the clutter, engage more and grow. Brand Intimacy explains how to better measure, build and manage enduring brands. Brands that are built to inspire as well as profit. Written by experienced marketers and backed by extensive research, Brand Intimacy rewrites the rulebook on how to establish and expand your marketing. The book is equal parts theory, research and practice, the result of 7 year journey and a new marketing paradigm for the modern marketer.
