How Boston radio station WBCN
became the hub of the rock-and-
roll, antiwar, psychedelic solar

system. While San Francisco was celebrating a psychedelic Summer of Love in 1967, Boston stayed buttoned up and battened down. But that changed the following year, when a Harvard Law School graduate student named Ray Riepen founded a radio station that played music that young people, including the hundreds of thousands at Boston-area colleges, actually wanted to hear. WBCN-FM featured album cuts by such artists as the Mothers of Invention, Aretha Franklin, and Cream,

played by announcers who felt free to express their opinions on subjects that ranged from recreational drugs to the war in Vietnam. In this engaging and generously illustrated chronicle, Peabody Award – winning journalist and one-time WBCN announcer Bill Lichtenstein tells the story of how a radio station became part of a revolution in youth culture. At WBCN, creativity and countercultural politics ruled: there were no set playlists; news segments anticipated the satire of *The Daily Show*; on-air interviewees ranged from John and Yoko to Noam Chomsky; a telephone “Listener Line” fielded questions on any subject, day and night. From 1968 to Watergate, Boston’s WBCN was the hub of the rock-and-roll, antiwar, psychedelic solar system. A cornucopia of images in color and black and white includes concert posters, news clippings, photographs of performers in action, and scenes of joyousness on Boston Common. Interwoven through the narrative are excerpts from interviews with WBCN pioneers, including Charles

Laquidara, the “news dissector” Danny Schechter, Marsha Steinberg, and Mitchell Kertzman. Lichtenstein’s documentary *WBCN and the American Revolution* is available as a DVD sold separately.

Shortlisted for the Financial Times and McKinsey Best Book of the Year Award in 2011 “A masterpiece.”

—Steven D. Levitt, coauthor of *Freakonomics* “Bursting with insights.” —The New York Times Book Review A pioneering urban economist presents a myth-shattering look at the majesty and greatness of cities America is an urban nation, yet cities get a bad rap: they're dirty, poor, unhealthy, environmentally unfriendly . . . or are they? In this revelatory book, Edward Glaeser, a leading urban economist, declares that cities are actually the healthiest, greenest, and richest (in both cultural and economic terms) places to live. He travels through history and around the globe to reveal the hidden workings of cities and how they bring out the best in humankind. Using intrepid reportage, keen analysis, and cogent argument, Glaeser makes an urgent, eloquent case for the city's

importance and splendor, offering inspiring proof that the city is humanity's greatest creation and our best hope for the future. Garden Design Wayne State University Press

This blistering novel—from the bestselling, Pulitzer Prize – winning author of The Road—returns to the Texas-Mexico border, setting of the famed Border Trilogy. The time is our own, when rustlers have given way to drug-runners and small towns have become free-fire zones. One day, a good old boy named Llewellyn Moss finds a pickup truck surrounded by a bodyguard of dead men. A load of heroin and two million dollars in cash are still in the back. When Moss takes the money, he sets off a chain reaction of catastrophic violence that not even the law – in the person of aging, disillusioned Sheriff Bell – can contain. As Moss tries to evade his pursuers – in particular a mysterious mastermind who flips coins for human lives – McCarthy simultaneously strips down the American crime novel and broadens its concerns to encompass themes as ancient as the Bible and as bloodily contemporary as this morning ’ s

headlines. No Country for Old Men is a triumph.

Looking Backward Chilton Book Company

From the bestselling author of Tides of Honour and Promises to Keep comes a poignant novel about a young couple caught on

opposite sides of the Second World War. In the fall of

1939, Grace Baker ' s three brothers, sharp and proud in their uniforms, board Canadian ships headed for a faraway war. Grace stays behind, tending to the homefront and the general store that helps keep her small Nova Scotian community running. The war, everyone says, will be over before it starts. But three years later, the fighting rages on and rumours swirl about " wolf packs " of German U-Boats lurking in the deep waters along the shores of East Jeddore, a stone ' s throw from Grace ' s window. As the harsh realities of war come closer to home, Grace buries herself in her work at the store. Then, one day, a handsome stranger ventures into the store. He claims to be a trapper come from away, and as Grace gets to

know him, she becomes enamoured by his gentle smile and thoughtful ways. But after several weeks, she discovers that Rudi, her mysterious visitor, is not the lonely outsider he appears to be. He is someone else entirely—someone not to be trusted. When a shocking truth about her family forces Grace to question everything she has so strongly believed, she realizes that she and Rudi have more in common than she had thought. And if Grace is to have a chance at love, she must not only choose a side, but take a stand. *Come from Away* is a mesmerizing story of love, shifting allegiances, and second chances, set against the tumultuous years of the Second World War. *No Country for Old Men*

National Accident Sampling System Crashworthiness Data System, 1991-1993 Simon and Schuster

The edited, annotated diary of President Jimmy Carter--filled with insights into his presidency, his relationships with friends and foes, and his lasting impact on issues that still preoccupy America and the world Each day during his presidency, Jimmy Carter made several entries in a private diary, recording his

thoughts, impressions, delights, and frustrations. He offered unvarnished assessments of cabinet members, congressmen, and foreign leaders; he narrated the progress of secret negotiations such as those that led to the Camp David Accords. When his four-year term came to an end in early 1981, the diary amounted to more than five thousand pages. But this extraordinary document has never been made public--until now. By carefully selecting the most illuminating and relevant entries, Carter has provided us with an astonishingly intimate view of his presidency. Day by day, we see his forceful advocacy for nuclear containment, sustainable energy, human rights, and peace in the Middle East. We witness his interactions with such complex personalities as Ted Kennedy, Henry Kissinger, Joe Biden, Anwar Sadat, and Menachem Begin.

We get the inside story of his so-called "malaise speech," his bruising battle for the 1980 Democratic nomination, and the Iranian hostage crisis. Remarkably, we also get Carter's retrospective comments on these topics and more: thirty years after the fact, he has annotated the diary with his candid reflections on the people and events that shaped his presidency, and on the many lessons learned. Carter is now widely seen as one of the truly wise men of our time. Offering an unprecedented look at both the man and his tenure, *White House Diary* is a fascinating book that stands as a unique contribution to the history of the American presidency.

WBCN and the American Revolution Little, Brown
For seventy-five years, it ' s been Manhattan ' s richest apartment building, and one of the most lusted-after addresses in the world. One apartment had 37 rooms, 14 bathrooms, 43 closets, 11 working fireplaces, a private elevator, and his-and-hers saunas; another at one time had a live-in service staff of 16. To this day, it is steeped in the purest luxury, the kind most of us could only imagine, until now. The last great building to go up along New York ' s Gold Coast, construction on 740 Park finished in 1930. Since then, 740 has been home to an ever-evolving cadre of our wealthiest and most powerful families, some of America ' s (and the world ' s) oldest money—the kind attached

to names like Vanderbilt, Rockefeller, Bouvier, Chrysler, Niarchos, Houghton, and Harkness—and some whose names evoke the excesses of today ’ s monied elite: Kravis, Koch, Bronfman, Perelman, Steinberg, and Schwarzman. All along, the building has housed titans of industry, political power brokers, international royalty, fabulous scam-artists, and even the lowest scoundrels. The book begins with the tumultuous story of the building ’ s construction. Conceived in the bubbling financial, artistic, and social cauldron of 1920 ’ s Manhattan, 740 Park rose to its dizzying heights as the stock market plunged in 1929—the building was in dire financial straits before the first apartments were sold. The builders include

the architectural genius Rosario Candela, the scheming businessman James T. Lee (Jacqueline Kennedy Onassis ’ s grandfather), and a raft of financiers, many of whom were little more than white-collar crooks and grand-scale hustlers. Once finished, 740 became a magnet for the richest, oldest families in the country: the Brewsters, descendents of the leader of the Plymouth Colony; the socially-registered Bordens, Hoppins, Scovilles, Thornes, and Schermerhorns; and top executives of the Chase Bank, American Express, and U.S. Rubber. Outside the walls of 740 Park, these were the people shaping America culturally and economically. Within those walls, they were indulging in all of the Seven Deadly Sins. As the social climate evolved

throughout the last century, so did 740 Park: after World War II, the building's rulers eased their more restrictive policies and began allowing Jews (though not to this day African Americans) to reside within their hallowed walls. Nowadays, it is full to bursting with new money, people whose fortunes, though freshly-made, are large enough to buy their way in. At its core this book is a social history of the American rich, and how the locus of power and influence has shifted haltingly from old bloodlines to new money. But it's also much more than that: filled with meaty, startling, often tragic stories of the people who lived behind 740's walls, the book gives us an unprecedented access to worlds of wealth, privilege, and extraordinary folly that

are usually hidden behind a scrim of money and influence. This is, truly, how the other half—or at least the other one hundredth of one percent—lives.

The Critical Path Vintage
“ A definitive account . . . It's hard to imagine anyone better than Paul Ingrassia to 'ride shotgun' on a journey through the sometimes triumphant, often turbulent, history of U.S. automaking. . . . [A] wealth of amusing, astonishing and enlightening nuggets. ” —Pittsburgh Tribune-Review This is the epic saga of the American automobile industry's rise and demise, a compelling story of hubris, missed

opportunities, and self-inflicted wounds that culminates with the president of the United States ushering two of Detroit ' s Big Three car companies—once proud symbols of prosperity—through bankruptcy. With unprecedented access, Pulitzer Prize winner Paul Ingrassia takes us from factory floors to small-town dealerships to Detroit ' s boardrooms to the White House. Ingrassia answers the big questions: Was Detroit ' s self-destruction inevitable? Why did Japanese automakers manage American workers better than the American companies themselves did? Complete with a new Afterword providing fresh insights into the continuing upheaval in the auto

industry—the travails of Toyota, the revolving-door management and IPO at General Motors, the unexpected progress at Chrysler, and the Obama administration ' s stake in Detroit ' s recovery—Crash Course addresses a critical question: America bailed out GM, but who will bail out America? With an updated Afterword by the author Praise for Crash Course “ In order to understand just how much of a mess it was—not to mention how it got that way and how, if at all, it can be cleaned up—you really need to read Crash Course. ” —The Washinton Post “ Ingrassia tells Detroit ' s story with economy, vigour and restrained fury. ” —The Economist “ A delightful mix of history and first-person reporting . . .

Employing superb storytelling skills, Ingrassia explains in head-shaking detail the elements of a wholly avoidable collision. ” —Kirkus Reviews (starred review)
TWENTY-FIRST CENTURY'S FUEL SUFFICIENCY ROADMAP
Dundurn

“ Engaging . . . [a] biography of three men bound by blood, music, and a lifelong struggle to strike a balance between the sacred and secular. ” —Publishers Weekly
Three cousins, inseparably bonded through music. Each became a star; their story would become a legend. J. D. Davis ’ s enthralling new biography of famous cousins Jerry Lee Lewis, Jimmy Swaggart, and Mickey Gilley, born within a twelve-month span in small-town Louisiana during the Great Depression, draws from exhaustive

research and personal connections with friends and family. Davis recreates the irresistible and life-changing power of music that surrounded the cousins as boys and shaped their engagingly distinct paths to fame. With three personal journeys set alongside important landmarks in pop-culture history, Davis presents a unique tale of American music centered on the trials, tribulations, and achievements of three men who remain truly Unconquered. A ForeWord Reviews Book of the Year Award Honorable Mention for Biography “ This is a good read, and not just for the hard-core fan. It will appeal to anyone interested in the dynamics of rock ’ n ’ roll, country music, and evangelical Christianity and what happens when the aesthetics and lifestyles of those three worlds collide. Highly recommended. ” —Library

Journal “ God, the devil, and everything in between. This book is a great representation of the duality plane on which we exist.’ ” —Leon Russell, legendary musician, Rock and Roll Hall of Fame member

“ Unconquered clearly depicts the fascinating story of three great musical artists who were cousins in real life but icons in the world of music. Each man conquered life ’ s roadblocks to achieve his ultimate goals. ” —Tom Schedler, former Louisiana Secretary of State

The story of how Chrysler's minivan team created an automobile that captured the 1995 Motor Trend Car of the Year and other major awards - and reinvented a perilously entrenched corporation in the process - is as dramatic and inspiring a story as any in business

today. Brock Yates, one of the most respected writers in the auto world, was given unprecedented access to Chrysler - every planning session, presentation, budget review, test drive, assembly line start-up, and marketing launch. The result is a book that unveils the mysteries of modern car-making, revealing how cars are shaped through countless interlinked decisions ranging from size and power to door configurations, color selections, and innumerable other interconnected details. It also captures the complex process by which the thousands of separate pieces that make up a car are designed, tested, manufactured, and marshaled into place at the exact moment they are needed. For any reader who cares about cars, this is the

most intriguing look inside breakthrough products. the mysteries of their creation ever written. At the same time, *The Critical Path* recounts an extraordinary drama of all-too-human managers attempting to make something new, in a new way, inside a corporate culture that resists them at every turn. The story of how Chrysler's minivan platform team kept their commitment to quality, schedule, and budget - with a \$3 billion investment and the company's fate palpably in the balance - is as encouraging a tale as has emerged from American business in years. The unprecedented triumph and Chrysler's resultant comeback is a lesson in successful management that will be savored by any reader interested in how great companies make
