Handbook of Research on Effective Communication, Leadership, and Conflict Resolution Jossey-Bass

Learn to effectively resolve conflict the way that works best for you When it comes to real-world conflict resolution, one size does not fit all. In the professional world especially, it ' s critical for individuals to be prepared for a variety of situations and to know what tools and techniques can be used to settle disputes and disagreements in a way that is respectful of both party ' s needs. The Conflict Resolution Toolbox shows mediators, negotiators, managers, and professionals at all levels how to simply and effectively assess conflict situations and choose the right tools to resolve the issue in a meaningful way. Understand the why behind the conflict and how it can be resolved Recognize the unconscious judgements and biases that are obstacles to conflict resolution View conflict situations objectively and from multiple viewpoints Learn how the latest neuroscience and behavioral economics research plays a role in conflict resolution With over 25 years of experience in mediation, negotiation, and conflict resolution, author Gary T. Furlong brings to light the intrinsic habits and interpretations that can unwittingly surface and lead to further tension during times of conflict and unrest. This timely update to The Conflict Resolution Toolbox marries theory and practice and is a hands-on guide to understanding the root of conflict and selecting the simple strategies for addressing specific scenarios that individuals routinely face in the workplace and in life. Conflict may be unavoidable, but resolution is within reach with the invaluable guidance and techniques found in The

Conflict Resolution Toolbox.

The Anatomy of Peace Hampton Press (NJ)

Health care providers frequently engage in setting policy agenda at the individual, systems, institutional, or public level. Health Policy: Application for Nurses and Other Health Care Professionals provides an overview of the policymaking process within a variety of settings including academia, clinical practice, communities, and various health care systems. By including both policy evaluation and research, the author provides a comprehensive and multi-perspective approach to developing and formulating effective health care policy. Unlike other texts, Health Policy: Application for Nurses and Other Health Care Professionals utilizes a condensed format without a large amount of explanatory text. Topics include governmental overviews and roles, policy formulation and analysis, public health, political theory and practice, ethical perspectives, and policy institutes.

Managing Conflict Routledge

This volume examines ways in which conflict resolution and feminist theories might be integrated to enhance our understanding and management of conflicts, particularly those between men and women. Women and child victimisation, everyday conflicts and historical perspectives are explored.

The Leadership Brain For Dummies OECD Publishing
Indigenous Conflict Management Strategies in West Africa: Beyond Right and Wrong expands the discourse on indigenous knowledge.

With several examples and case histories, the work defines, characterizes, and explains indigenous conflict management strategies in West Africa, particularly in Ghana, Nigeria, and Cameroon. The book critically evaluates indigenous conflict

management strategies with a view to determining their effectiveness in the context of the societies ' history and culture, and the relevance and adaptability of these strategies in contemporary contexts. This book takes a scholarly approach, avoiding romanticizing or idealizing indigenous conflict management strategies in West Africa. It advocates a set of mechanisms by which the best elements of indigenous knowledge and skills in conflict management may be deployed to settle contemporary disputes, and made portable for adoption and adaptation by other complex societies in the region and beyond.

High Conflict Project Management Institute

A standard model for effective mediation and conflict resolution, now in an updated fourth edition, can be used in diverse environments. Original.

The Big Book of Conflict Resolution Games: Quick, Effective Activities to Improve Communication, Trust and Collaboration Springer

The Leadership Brain For Dummies positions current and aspiring leaders to be at the very top of their leadership game.

Conflict Management for Managers Springer

Total quality management (TQM), reengineering, the workplace of the twenty-first century--the 1990s have brought a sense of urgency to organizations to change or face stagnation and decline, according to *Enhancing Organizational Performance*. Organizations are adopting popular management techniques, some scientific, some faddish, often without introducing them properly or adequately measuring the outcome. *Enhancing Organizational Performance* reviews the most popular current approaches to organizational change--total quality management, reengineering, and downsizing--in terms of how they affect organizations and people, how performance improvements can be measured, and what questions remain to be answered by researchers. The committee explores how theory, doctrine, accepted wisdom, and personal experience have all served as sources for organization design. Alternative organization structures such as teams, specialist networks, associations, and virtual organizations are examined. *Enhancing Organizational Performance* looks at the influence of the organization's norms, values, and beliefs--its culture--on people and their performance, identifying cultural "levers" available to organization leaders. And what is leadership? The committee sorts through a wealth of research to identify behaviors and skills related to leadership effectiveness. The volume examines techniques for developing these skills and suggests new competencies that will become required with globalization and other trends. Mergers, networks, alliances, coalitions--organizations are increasingly turning to new intra- and inter-organizational structures. *Enhancing Organizational Performance* discusses how organizations cooperate to maximize outcomes. The committee explores the changing missions of the U.S. Army as a case study that has relevance to any organization. Noting that a musical greeting card contains more computing power than existed in the entire world before 1950, the committee addresses the impact of new technologies on performance. With examples, insights, and practical criteria, *Enhancing Organizational Performance* clarifies the nature of organizations and the prospects for performance improvement. This book will be important to corporate leaders, executives, and managers; faculty and students in organizational

performance and the social sciences; business journalists; researchers; and interested individuals.

Getting to Yes Harvard Business Review Press

Get the Key to the Boardroom with Powerful Executive Presence! "This book can be a key aid in helping you make it to the next level! Great coaching for anyone who is even thinking of becoming an executive!" Marshall Goldsmith, New York Times bestselling author of *What Got You Here Won't Get You There* "On the corporate battlefield a true leader's success is based upon his or her ability to communicate effectively, persuade others to follow a goal, and execute it. This leads to success for all. When the stakes are high, you're well advised to read this book first." Scott A. Gaines, vice president, Hertz Corporation "If you are seriously looking to be perceived in the light you choose, *Executive Presence* is the book that not only answers the question, but shows you how to apply the answers." Kevin Hogan, author of *The Psychology of Persuasion* "Harrison Monarth is a first-rate thinker who writes as clearly as he thinks. No matter where you are on the career ladder, *Executive Presence* will put you a step ahead of your competition." T. Scott Gross, author of *Positively Outrageous Service* "Most people know that to move up in your career, you need to have self-awareness and the ability to manage the perceptions of those whose opinions count. . . . *Executive Presence* is your comprehensive guide to help you become more proficient at self-marketing and the art of ethical persuasion to achieve your personal and professional goals." Larina Kase, PsyD, MBA, author of *The Confident Leader* and coauthor of the New York Times bestseller *The Confident Speaker About the Book* An expert in coaching high-level players in the art of perception management, Harrison Monarth reveals the critical difference between CEOs and those of us who wish to be CEOs. It's not a matter of intelligence, connections, or luck. It can be summed up in two words: executive presence. While most of us toil in obscurity and expect great things to follow, those on the path to corporate leadership spend their time perfecting the types of leadership communication skills that generate respect and get others to share their vision. They use these skills to establish how they are perceived by others and to manage their reputation throughout the organization. In other words, these soon-to-be top players have developed the presence of an executive through careful image management—and they make

sure they have the goods to back it up. In *Executive Presence*, Monarth shows how you can seize control of your own career using the same skills. Inside, he explains how to: Accurately "read" people and predict their behavior Influence the perceptions of others Persuade those of opposing views to your side Create and maintain a personal "brand" Manage and control your online reputation Perform damage control when things go wrong Monarth's conclusions aren't based solely on his keen insight and extensive experience; they're the result of the latest scientific research in interpersonal communication and human behavior. Talent and skills are important, but they alone won't take you to the top of your organization. People reach highly influential positions because they deeply understand the power of perception and know how to leverage it in their favor. The good news is, anyone with the will to succeed can do it. *Executive Presence* provides all the techniques you need to take your career to the highest level of any organization.

Resolving Conflicts at Work John Wiley & Sons

Learn how to engage in and resolve conflict productively to improve work relationships and create a more equitable community for children. Conflicts are inevitable, often hard to navigate, and can quickly multiply and become unmanageable. And resolving conflict requires self-reflection, understanding, and vulnerability. But knowing how to tackle difficult conversations will strengthen relationships, create a more equitable community, and improve the impact educators have on the young children they work with. The first of its kind, *Finding Your Way Through Conflict* specifically focuses on conflict in early childhood education settings and gives concrete steps and strategies to help manage and resolve it productively. Authors Chris Amirault, Ph.D., and Christine M. Snyder, M.A., have decades of experience in early childhood education programs and conflict resolution. Built on their expertise and their own experiences, the book's conflict scenarios are engaging and authentic, empowering educators to get in and out of conflict in a variety of personal, organization, and cultural contexts. Some of these scenarios include: The Discombobulated Team: The children's artwork you posted in the classroom yesterday is gone. Who took it down—and why? The Intent/Impact Disagreement: You were only trying to help! So why is that parent offended? The Unexpected Disaster: Your team planned every aspect of that difficult parent meeting for days. So why was it such a catastrophe? A free PLC/Book Study Guide is available at freespirit.com/plc.

Bargaining with the Devil John Wiley & Sons

Make workplace conflict resolution a game that EVERYBODY wins!

Conflict and Gender Center for Creative Leadership

Here is a completely updated edition of the best-selling *Resolving Conflicts at Work*. This definitive and comprehensive work provides a handy guide for resolving conflicts, miscommunications, and misunderstandings at work and outlines the authors' eight strategies that show how the inevitable disputes and divisions in the workplace actually provide an opportunity for greater creativity, productivity, enhanced morale, and personal growth. This new edition includes current case studies that put the focus on leadership, management, and how organizations can design systems to change a culture of avoidance into a culture of creative conflict. The result is a more practical book for today's companies and the people who work in them.

Resolving Conflict Free Spirit Publishing

Winner of the 2009 CPR Award for Outstanding Book In this groundbreaking book, Bernard Mayer, a pioneer in the field of conflict resolution, offers a new paradigm for dealing with long-term disputes. Mayer explains that when dealing with enduring conflict, mediators and other conflict resolution specialists need to move past the idea of how quickly they can resolve the conflict. Instead, they should focus on how they can help people prepare to engage with an issue over time. Once their attention is directed away from a speedy resolution to a long-term approach, new avenues of intervention become apparent.

Resolving Conflicts at Work South-Western Pub

Demonstrates how Robert Shapiro, an agent and attorney for some of the most famous baseball figures of the present day, successfully makes a deal and skillfully bargains so that all involved walk away a winner. Reprint. 30,000 first printing. \$50,000 ad/promo. Tour.

Conflict Resolution in Children and the Association Between Parenting Style and the Children's Own Social Skills John Wiley & Sons

The art of negotiation—from one of the country's most eminent practitioners and the Chair of the Harvard Law School's Program on Negotiation. One of the country's most eminent practitioners of the art and science of negotiation offers practical advice for the most challenging conflicts—when you are facing an adversary you don't trust, who may harm you, or who you may even feel is evil. This lively, informative, emotionally compelling book identifies the tools one needs to make wise decisions about life's most challenging conflicts.

Conflict Resolution Smarts McGraw Hill Professional

While some of us enjoy a lively debate with colleagues and others prefer to suppress our feelings over disagreements, we all struggle with conflict at work. Every day we navigate an office full of competing interests, clashing personalities, limited time and resources, and fragile egos. Sure, we share the same overarching goals as our colleagues, but we don't always agree on how to achieve them. We work differently. We rub each other the wrong way. We jockey for position. How can you deal with conflict at work in a way that is both professional and productive—where it improves both your work and your relationships? You start by understanding whether you generally seek or avoid conflict, identifying the most frequent reasons for disagreement, and knowing what approaches work for what scenarios. Then, if you decide to address a particular conflict, you use that information to plan and conduct a productive conversation. The HBR Guide to Dealing with Conflict will give you the advice you need to: Understand the most common sources of conflict Explore your options for addressing a disagreement Recognize whether you—and your counterpart—typically seek or avoid conflict Prepare for and engage in a difficult conversation Manage your and your counterpart's emotions Develop a resolution together Know when to walk away Arm yourself with the advice you need to succeed on the job, with the most trusted brand in business. Packed with how-to essentials from leading experts, the HBR Guides provide smart answers to your most pressing work challenges.

The Conflict Resolution Toolbox IGI Global

This book enhances the reader's opportunity for career success by targeting fundamental skills. Handling Conflict will provide foundations for effectively dealing with criticism and aggression in the workplace. Covering topics such as avoiding conflict, channeling anger and giving/receiving criticism, this is the perfect tool for the experienced professional, those re-entering the workforce and those beginning their careers.

The Mediation Process John Wiley & Sons

The book examines the intersections of political violence, deprivation and conflict, and explores the prospects of its management by studying one of the world's most complex political turmoils - Kashmir. It closely investigates the vertical aspect of the conflict, in which the Indian state and a section of

Kashmiris are engaged in a turbulent relationship, and explores ways to stimulate conflict management. By employing the protracted social conflict theory, the author argues that a conflict between a state and a social group ensues when the political elite fail to address the non-material needs of the marginalized. By documenting narratives of the Kashmiri traders and the state officials, and the impact of the opening of the two intra-Kashmir trade routes during the 1990s, this book emphasizes the need to focus on peace initiatives taken by the government, and the significance of accommodation and engagement to address a state-people conflict.

Indigenous Conflict Management Strategies in West Africa Lexington Books

Describes a method of negotiation that isolates problems, focuses on interests, creates new options, and uses objective criteria to help two parties reach an agreement.

Conflict Management and Resolution Twelve

The relationship teacher, coach, and founder of The Relationship School reveals the origins of conflict styles, how to stop avoiding difficult conversations, and how to resolve conflict in our most important relationships. Conflicts in our closest relationships are scary because so much is at stake. If the conflict doesn't go well, we could lose our marriage, our family or our job, all connected to our security and survival. So we do just about anything not to lose those relationships, including avoid conflict, betraying ourselves or becoming dishonest. Unresolved conflict affects every single aspect of our lives, from self-confidence to physical and mental health.

Jayson Gaddis is a personal trainer for relationships and one of the world's leading authorities on interpersonal conflict. For almost two decades, Gaddis has helped individuals, couples, and teams get to the bottom of their deepest conflicts. He helps people see the wisdom in conflict and how to get to zero—which means we have successfully worked through our conflict and have nothing in the way of a good connection. In *Getting to Zero*, Gaddis shows the reader how to stop running away from uncomfortable conversations and instead learn how to work through them. Through funny personal stories, uncomfortable examples, and effective tools and skills, he shows the reader how to move from disconnection to connection, acceptance, and understanding. This method upgrades the old tired and static conflict resolution approaches and offers a fresh, street-level, user-friendly road map on exactly how to work through conflict with the people you care most about.

Houghton Mifflin Harcourt

Examines teen conflict resolution and interpersonal relations and

provides tips and information about improving them.
