The Seventh Sun faces destruction as Mayana and Ahkin race to save their world in the finale to this “compulsively readable” series (Rachel A. Marks, author of *Fire and Bone*). To the Chicome people, an eclipse is a time of terror. When darkness falls, the barrier separating the heavens and the earth becomes unstable. Then come the ravaging Tzitzimime—the star demons who thirst for human blood. Mayana and Ahkin know the full extent of the coming danger, but they must gather support or the Chicome Empire is doomed. As the eclipse nears, many maneuver for power in this deadly

game of worlds ending. Metzi, Ahkin’s treacherous sister, has seized control of the empire with the aid of the malevolent goddess known as the Obsidian Butterfly. But Metzi has no idea what the goddess has in store ... Yemanía and Ochix face the wrath of both their peoples. Their forbidden liaison may draw ancient enemies together ... or rip the young lovers apart forever. And the princesses who battled fiercely for Ahkin’s heart in *The Seventh Sun* meet again—but this time, they must join forces in order to survive. As for Ahkin and Mayana, the entire empire seems to want to keep them apart. Can their love endure the end of the world?

Develop the Skills to Learn Anything Faster, Easier, and More Effectively Written by the creators of the #1 bestselling course of the same name, this book will teach you how to "hack" your learning, reading, and memory skills, empowering you to learn everything faster and more effectively. *What Would You Do If You Could Learn Anything 3 Times Faster?* In our rapidly changing and information-driven society,

the ability to learn quickly is the single most important skill. Whether you're a student, a professional, or simply embarking on a new hobby, you are forced to grapple with an ever-increasing amount of information and knowledge. We've all experienced the frustration of an ever-growing reading list, struggling to learn a new language, or forgetting things you learned in even your favorite subjects. *This Book Will Teach You 3 Major Skills: Speed reading with high (80%+) comprehension and understanding Memory techniques for storing and recalling vast amounts of information quickly and accurately Developing the cognitive infrastructure to support this flood of new information long-term However, the SuperLearning skills you'll learn in this course are applicable to many aspects of your every day life, from remembering phone numbers to acquiring new skills or even speaking new languages.*

Anyone Can Develop Super-Learning Skills This course is about improving your ability to learn new skills or information quickly and effectively. We go far beyond the kinds of "speed reading" (or glorified skimming) you may have been exposed to, diving into the actual cognitive and neurological factors that make learning easier and more successful. We also give you advanced memory techniques to grapple with the huge loads of information you'll soon be able to process. "This book should be the go-to reference for anyone looking to upgrade their mind's firmware!" -Benny Lewis, Language Learning Expert Learn How to Absorb and Retain Information in a Whole New Way - A Faster, Better Way The Authors' Proprietary Method for Teaching Speed Reading & Memory Improvement

You may have even taken a normal speed reading course in the past, only to realize that you didn't retain anything you read. The sad irony is that in order to properly learn things like speed reading skills and memory techniques in the past, you had to read dozens of books and psychological journals to decode the science behind it. Or, you had to hire an expensive private tutor who specializes in SuperLearning. That's what I did. And it changed my life. Fortunately, my co-authors (experts and innovators in the fields of superlearning, memory improvement, and speed reading) agreed to help me transform their materials into the first ever digital course. Over 25,000 satisfied students later, we have transformed our course into a book you can enjoy anywhere. Our teaching methodology relies heavily on at-home exercises. The chapters themselves are only part of what you're buying. You will be practicing various exercises and assignments on a regular basis over the course a 7

week schedule. In addition to the lectures, there are hours of supplemental video and articles which are considered part of the curriculum.

Throughout his research into memory theory, Nelson Dellis found existing memory improvement guides to be wanting--overcomplicated, dry, and stodgy. So he decided to write a book that is approachable and fun, centered on what people actually need to remember. In *Remember It!*, Dellis teaches us how to make the most of our memory, using his competition-winning techniques. Presenting the information in a user-friendly way, Dellis offers bite-size chapters, addressing things we wish we could remember but often forget: names, grocery lists, phone numbers, where you left your keys--you name it! This fast-

paced, highly illustrated tour of the inner workings of the brain makes improving your memory simple and fun.

The New York Times – bestselling author of Better Than Normal, esteemed psychiatrist Dale Archer, M.D., reveals how ADHD might be the key to your success. For decades, in the United States and in countries around the world, physicians delivered the diagnosis of ADHD to patients as bad news and warned them about a lifelong struggle of managing symptoms. But The ADHD Advantage explodes this outlook, arguing that some of the most highly successful entrepreneurs, leaders, and entertainers have reached the pinnacle of success not in spite of their ADHD but because of it. People with ADHD are restless, endlessly curious, often adventurous, willing to take smart risks, and unusually resilient, and their ranks include some

of the greatest entrepreneurs of our time. Sharing the stories of highly successful people with ADHD, Archer offers a vitally important and inspiring new way to recognize ADHD traits in oneself or in one's loved ones and then leverage them to great advantage. Readers will learn to harness mental energy for greater creativity, embrace multitasking, and build a path to great success—without medication. As someone who not only has ADHD himself but has never used medication to treat it, Dr. Archer understands the condition from a unique professional and personal standpoint. Armed with new science and research, and his own personal experience, he teaches readers to embrace their natural strengths and innate potential.
