"Spufford cunningly maps out a literary genre of his own . . . Freewheeling and fabulous."

—The Times (London) Strange as it may seem, the gray, oppressive USSR was founded on a fairy tale. It was built on the twentieth-century magic called "the planned economy," which was going to gush forth an abundance of good things that the lands of capitalism could never match. And just for a little while, in the heady years of the late 1950s, the magic seemed to be working. Red Plenty is about that moment in history, and how it came, and how it went away; about the brief era when, under the rash leadership of Khrushchev, the Soviet Union looked forward to a future of rich communists and envious capitalists, when Moscow would

out-glitter Manhattan and every Lada would be better engineered than a Porsche. It's about the scientists who did their genuinely brilliant best to make the dream come true, to give the tyranny its happy ending. Red Plenty is history, it's fiction, it's as ambitious as Sputnik, as uncompromising as an Aeroflot flight attendant, and as different from what you were expecting as a glass of Soviet champagne.

The Quarterly review Penguin

The New York Times bestseller and "a rich brew of dystopic fantasy and deadpan goofiness" (The Washington Post) from the author of the Thursday Next series and Early Riser Welcome to Chromatacia, where the societal hierarchy is strictly regulated by one's limited color perception. And Eddie Russet wants to move up. But his plans to leverage his better-than-average red perception and marry into a powerful family are quickly upended. Juggling inviolable rules, sneaky Yellows, and a risky friendship with an intriguing Grey named Jane who shows Eddie that the apparent peace of his world is as much an illusion as color itself, Eddie finds he must reckon with the cruel regime behind this gaily painted façade.

A Newbery Honor Book A beautiful and moving novel from a three-time Newbery Honor-winning author “Hope is the thing with feathers” starts the poem Frannie is reading in school. Frannie hasn’t thought much about hope. There are so many other things to think about. Each day, her friend Samantha seems a bit more “holy.” There is a new boy in class everyone is calling the Jesus Boy. And although the new boy looks like a white kid, he says he’s not white. Who is he? During a winter full of surprises, good and bad, Frannie starts seeing a lot of things in a new light—her brother Sean’s deafness, her mother’s fear, the class bully’s anger, her best friend’s faith and her own desire for “the thing with feathers.” Jacqueline Woodson once again takes readers on a journey into a young girl’s heart and reveals the pain and the joy of learning to look beneath the surface. “[Frannie] is a wonderful role model for coming of age in a thoughtful way, and the book offers to teach us all about holding on to hope.”—Children’s Literature “A wonderful and necessary purchase for public and school libraries alike.”—VOYA

Charlotte Perkins Gilman offers the definitive account of this controversial writer and activist’s long and eventful life. Charlotte Anna Perkins Stetson Gilman (1860–1935) launched her career as a lecturer, author, and reformer with the story for which she is best-known today, “The Yellow Wallpaper.” She was hailed as the “brains” of the US women’s movement, whose focus she sought to broaden from

suffrage to economics. Her most influential sociological work criticized the competitive individualism of capitalists and Social Darwinists, and touted altruistic service as the prerequisite to both social progress and human evolution. By 1900, Gilman had become an international celebrity, but had already faced a scandal over her divorce and “abandonment” of her child. As the years passed, her audience shrunk and grew more hostile, and she increasingly positioned herself in opposition to the society that in an earlier, more idealistic period she had seen as the better part of the self. In her final years, she unflinchingly faced breast cancer, her second husband’s sudden death, and finally, her own carefully planned suicide—she “preferred chloroform to cancer” and cared little for a single life when its usefulness was over. Charlotte Perkins Gilman presents new insights into the life of a remarkable woman whose public solutions often belied her private anxieties. It aims to recapture the drama and complexity of Gilman’s life while presenting a comprehensive scholarly portrait.

The Peace Chiefs of the Cheyennes Faber & Faber Social

Covers U.S. and Canadian models of Ford F-150 (1997 thru 2003) and F-250 Pick-ups (1997 thru 1999); Ford Expedition (1997 thru 2002) and Lincoln Navigator (1998 thru 2002); 2 and 4 wheel drive, gasoline engines. The Saturday Review of Politics, Literature, Science and Art Univ of California Press

This fascinating book is the first volume in a projected cultural history of the United States, from the earliest English settlements to our own time. It is a history of American folkways as they have changed through time, and it argues a thesis about the importance for the United States of having been

British in its cultural origins. While most people in the United States today have no British ancestors, they have assimilated regional cultures which were created by British colonists, even while preserving ethnic identities at the same time. In this sense, nearly all Americans are "Albion's Seed," no matter what their ethnicity may be. The concluding section of this remarkable book explores the ways that regional cultures have continued to dominate national politics from 1789 to 1988, and still help to shape attitudes toward education, government, gender, and violence, on which differences between American regions are greater than between European nations.

Book Review Digest Candlewick Press

With a Haynes manual, you can do it yourself...from simple maintenance to basic repairs. Haynes writes every book based on a complete teardown of the vehicle. We learn the best ways to do a job and that makes it quicker, easier and cheaper for you. Our books have clear instructions and hundreds of photographs that show each step.

Whether you're a beginner or a pro, you can save big with Haynes! -Step-by-step procedures -Easy-to-follow photos -Complete troubleshooting section -Valuable short cuts -Color spark plug diagnosis Complete coverage for your Ford Pick-up, Expedition & Lincoln Navigator covering 2WD and 4WD gasoline models for F-150 (1997 thru 2003), F-150 Heritage (2004), F-250 (1997 thru 1999), Expedition (1997 thru 2012), and Lincoln Navigator (1998 thru 2012) (does not include diesel engine, F-250HD, Super Duty, F-350 or

information specific to Lightning or other supercharged models): -Routine Maintenance -Tune-up procedures -Engine repair -Cooling and heating -Air Conditioning -Fuel and exhaust -Emissions control -Ignition -Brakes -Suspension and steering -Electrical systems -Wiring diagrams

Arising in the 1800s and soon drawing a million readers a day, the commercial press profoundly influenced the work of Brontë, Braddon, Dickens, Conrad, James, Trollope, and others who mined print journalism for fictional techniques. Five of the most important of these narrative conventions--the shipping intelligence, personal advertisement, leading article, interview, and foreign correspondence--show how the Victorian novel is best understood alongside the simultaneous development of newspapers. In highly original analyses of Victorian fiction, this study also captures the surprising ways in which public media enabled the expression of private

feeling among ordinary readers: from the trauma caused by a lover's reported suicide to the vicarious gratification felt during a celebrity interview; from the distress at finding one's behavior the subject of unflattering editorial commentary to the apprehension of distant cultures through the foreign correspondence. Combining a wealth of historical research with a series of astute close readings, *The Novelty of Newspapers* breaks down the assumed divide between the epoch's literature and journalism and demonstrates that newsprint was integral to the development of the novel. In this novel-in-verse, a young survivor of the tragic Donner Party of 1846 describes how her family and others became victims of freezing temperatures and starvation.

Captain Ford's Journal of an Expedition to the Rocky Mountains

A Plains tribe that subsisted on the buffalo, the Cheyennes depended for survival on the valor and skill of their braves in the hunt and in battle. The fiery spirit of the young warriors was balanced by the calm wisdom of the tribal headmen, the peace chiefs, who met yearly as the Council of the Forty-four. "A Cheyenne chief was required to be a man of peace, to be brave, and to be of generous heart," writes Stan Hoig. "Of these qualities the first was unconditionally the most important, for upon it rested the moral restraint required for the warlike Cheyenne Nation." As the Cheyennes began to feel the westward crush of white civilization in the nineteenth century, a great burden fell to the peace chiefs. Reconciliation with the whites was the tribe's only hope for survival, and the chiefs were the buffers between their own warriors and the United States military, who were out to "win the West." The chiefs found themselves struggling to maintain the integrity of their people-struggling against overwhelming military forces, against disease, against the debauchery brought by "firewater," and against the irreversible decline of their source of livelihood, the buffalo. They were trapped by history in a nearly impossible position. Their story is a heroic epic and, oftentimes, a tragedy. No single book has dealt as intensively as this one with the institution of the peace chiefs. The author has gleaned significant material from all available published sources and from contemporary

newspapers. A generous selection of photographs and extensive quotations from nineteenth-century observers add to the authenticity of the text. Following a brief analysis of the Sweet Medicine legend and its relation to the Council of the Forty-four, the more prominent nineteenth-century chiefs are treated individually in a lucid, felicitous style that will appeal to both students and lay readers of Indian history. As adopted Cheyenne chief Boyce D. Timmons says in his preface to this volume, "Great wisdom, intellect, and love are expressed by the remarkable Cheyenne chiefs, and if you enter their tipi with an open heart and mind, you might have some understanding of the great 'Circle of Life.'" *Shades of Grey*
