The story of an iconic model  
in the long history of Harley-  
Davidson motorcycles, the  
WLA, which was used by  
Allied forces during WWII,  
is told for the first time.

Developed for the US Army's  
mechanized cavalry, it  
became the leading US  
military motorcycle of the  
war. It served the US armed  
services as a messenger and  
military police vehicle. The  
Red Army's motorcycle  
battalions, reconnaissance  
units of its tank armies, also  
used them as their primary  
vehicle. The armies of the  
Soviet Union, Canada, the  
United Kingdom, Australia,  
France, China, and Brazil  
also made use of the model  
and its variants. It is known  
today as the "Liberator";  
discover the history and  
stories of individuals who  
rode this icon to war and  
why the model is now a  
favorite among civilian  
collectors.
