The powerful engine-driven Bobcat 250 has a rugged design and offers only the best in terms of longevity, versatility, and durability. The Kubota D722 19 HP has three cylinders and delivers DC welding output

and 9,500 watts of continuous AC power for welding magnetized steel or TIG welding aluminum.

100 Amp Engine Driven Arc Welding Machine

Built for operation in remote, tough and extreme environments Lincoln Electric engine driven welders are an ideal choice for construction teams, pipe rig owners and rental fleet managers. Low maintenance, long service life, easy operation and great arc performance every owner appreciates.

Engine Driven Welders |

Lincoln Electric

Sealy mightymig 100 amp gasless welder. Only used a handful of times so getting rid as someone may aswell get the use out of it. Has a extra spool of wire come with it aswell.

Gasless so can be used outdoors. Great condition as

like I said only used

Engine Driven Welding Machines | Miller Big Blue | Bobcat ...

Re: 100 amp Arc Welder you aren't going to be welding car bodies with a stick set unless you are very good indeed, in which case you wouldn't be asking. You want a small MIG for that job, a 100amp mig would do it, and you can proly pick one up for a hundred quid, but you will likely need some tips, possibly a liner and a shroud, and some gas and wire, and of course a mask, ideally an autodarkening one.
