I have a 2005 Thunder Mountain with a 103b Screaming eagle. I have been told to get service manual for HD softail but not sure which one to get. ... It shows in the Owners Manual which plugs to pull.. The one directly on the bottom of the engine will only produce a small trickle and stop due to the dry sump system. ... Because the engine does ...

Harley-Davidson Twin Cam Powered Bikes History 1999-2012 ...

Danny's shop area is set up for special projects such as building race motors for Jerry Laidlaw, one of the owners. So, because of his years of experience and extensive knowledge of building Harley motors, it only made sense to have Danny assemble our 103. On the right side the exhaust system and throttle body were removed.
