What is it that we as a
nation are missing? Why,
given all our skills,

resources and talents, do
we settle so often for the
ordinary instead of striving
to be the best? At the
heart of Ignited Minds is
an irresistible premise:
that people do have the
power, through hard work,
to realize their dream of a

This book showcases cutting-edge research papers from the 8th International Conference on Research into Design (ICoRD 2021) written by eminent researchers from across the world on design processes, technologies, methods and tools, and their impact on innovation, for supporting design for a connected world. The theme of ICoRD'21 has been "Design for Tomorrow". The world as we know it in our times is increasingly becoming connected. In this interconnected world, design has to address new challenges of merging the cyber and the physical, the smart and the

mundane, the technology and areas on industrial design, the human. As a result, there is manufacturing, consumer an increasing need for goods, and industrial strategizing and thinking about management who are design for a better tomorrow. interested in the new and emerging methods and tools The theme for ICoRD'21 for design of new products, serves as a provocation for the design community to think systems and services. about rapid changes in the near future to usher in a better tomorrow. The papers in this book explore these themes, and their key focus is design for tomorrow: how are products and their development be addressed for the immediate pressing needs within a connected world? The book will be of interest to researchers, professionals and entrepreneurs working in the
