Scott King Award-winning author Sharon M. Draper tells the epic story of a young girl torn from her African village, sold into slavery, and stripped of everything she has ever known—except hope. Amari's life was once perfect. Engaged to the handsomest man in her tribe, adored by her family, and fortunate enough to live in a beautiful village, it never occurred to her that it could all be taken away in an instant. But that was what happened when her village was invaded by slave traders. Her family was brutally murdered as she was dragged away to a slave ship and sent to be sold in the Carolinas. There she was bought by a plantation owner and given to his son as a

"birthday present". Now, survival is all Amari can dream about. As she struggles to hold on to her memories, she also begins to learn English and make friends with a white indentured servant named Molly. When an opportunity to escape presents itself, Amari and Molly seize it, fleeing South to the Spanish colony in Florida at Fort Mose. Along the way, their strength is tested like never before as they struggle against hunger, cold, wild animals, hurricanes, and people eager to turn them in for reward money. The hope of a new life is all that keeps them going, but Florida feels so far away and sometimes Amari wonders how far hopes and dreams can

really take her. **BMW 1-Series 4-Cyl Petrol and Diesel 04-11 Owners Workshop Manual Die Gestalten Verlag-DGV Facts and stories that explain the relationship between animals and the environment and recognize the contributions scientists make in understanding changes to the environment. The Drive
Four years into a
five-year
contract with
General Motors
to be the
exclusive
website vendor
to its U.S.
network of more
than 4,000
dealers, CDK
Digital faced a
crucial contract
renewal at the
end of 2012.
The case follows
Melissa

McCann, director of strategic marketing, and Chris Reed, CMO, as they prepared for a critical meeting in July 2011: a presentation to the customer relationship management (CRM) subcommittee of the Chevrolet dealer council. Although GM dealers, like all auto dealers in the United States, were independent franchisees, GM saw the renewal of CDK Digital's exclusive contract as a collaborative

decision between dealers and GM. According to Ed Vogt, GM's executive in charge of the renewal, if the dealer councils said no, the contract would not be renewed. This case challenges students to use CDK's big data and analytics capabilities to address the inherent conflict between dealers and manufacturers: when marketing to potential customers, manufacturers wanted consistency

across dealer websites to maximize sales of their targeted brands, while dealers wanted flexibility to sell what they had in inventory. After analyzing the case, students will be able to: - Demonstrate how big data and analytics can be used to solve channel conflict - Explain how franchisors and franchisees have different perspectives on the value of data on retail operations - Recognize benefits of big data and

analytics beyond the obvious potential improvements to marketing and operational effectiveness - Articulate the value of data analytics for channel management - Appraise the benefits of real-time website customization.
