The touchstone guide to running projects from the British Institute of Interior Design (BIID).

By setting out actions step-by-step, this essential handbook identifies the key obligations of the interior designer at each project stage. Straightforward explanation is supplemented by invaluable checklists and templates. Featuring crucial advice on administering construction contracts, it references the new RIBA/BIID Domestic Professional Services Contract 2020 for interior design services. Reflecting the RIBA Plan of Work 2020 and contemporary working practice, it provides a systematic operational framework that can be applied to all types of projects. Comprehensive in scope with a logical structure, it embraces the theme of collaboration within the project team. It also addresses post-occupancy evaluation, modern methods of construction and sustainability. Suitable for projects within any industry sector and practice type, from large international firms to sole practitioners, it is accessible to designers with different levels of experience.

Lucy Nash has just finished up her sophomore year of high school and is anticipating an uneventful summer at her rural Georgia home. . . that is, until a weird twist of fate and physics takes her on a trip back through time to the year 1975 with Cameron Hall, a boy her age whose own time is thirty years into her future. Cameron is hoping to stop a series of child disappearances, one of which deeply affected his family, and ends up teaming up with his accidental "passenger" to solve the crime. But despite their access to resources from the future, can two teenagers resolve a mystery that has remained a cold case for over sixty years. . . and what impact will their presence in the past have on their own lives - and their own futures?

Written in clear, straight-forward language, [Examining Doctoral Work](#) considers how the practice of doctoral examination can be improved to ensure that both examiners and students can make the most of the assessment process. This book analyses both good and bad practice to promote fair, thorough and productive examination. With insight into how to prepare for a viva, as well as a consideration of the responsibilities afterwards, the book de-mystifies this crucial part of the doctoral examination process to provide a comprehensive overview of the principles, criteria and processes needed to ensure success. Key points covered include: The different forms doctoral submission can take How examiners are chosen Where to begin when reading a thesis Managing your time as an examiner What makes a 'good' doctoral thesis? How to prepare for the viva How to develop a preliminary report The role of the supervisor before, during and after the viva Examiners' roles and responsibilities Working through agreements and disagreements Feeding back both orally and in writing. Drawing from a mixture of personal experience, existing research and anecdote, this book is ideal reading for anyone new to the world of doctoral examination, or equally those looking to improve their practice.
