The E-Class W124 is the
mid-sized range of luxury
saloons, estate cars and

coupes that Mercedes-
Benz introduced for the
1985 model year and
bridged the gap between
the 190 models and the
full-size S-Class range.

The 230SL made its debut at
the Geneva Motor Show in
1963 and featured Mercedes'
latest 150bhp 2.3-litre fuel-
injected six engine. Three
years later came the 250SL
and followed in 1967 by the
280SL. Like all Mercedes,
the W113s are durable and
still eminently usable as
everyday cars. The articles
in this book are a delightful
reminder of the way they
seemed when they were new
all those years ago.
