HOW MANY LIVES HAVE YOU LIVED? A child, an adolescent, a man. A student, a cadet, a beat cop. A homicide detective, a husband, a father.

And now a widower, and a father who had lost his child. So many different lives. The pain of it, the images, I don't want to see them again, but there they are: how I imagine it happened. What I imagine it was like. Putting them together, because this is what I do. I've seen it before, I know, and you always think it's going to be someone else, you never think it's going to be someone you know. You think the odds are too far against it. You tell yourself, things like demographics. Areas. But anything, can happen, anywhere. And odds are odds because things do happen to people. Isabelle is on the swing. I am pushing her. 'Isabelle' because she is, is a beautiful. It's an idyllic moment: the sun shining, her golden hair streaming back. How old would she be, in that memory? How many times had that moment occurred: me, pushing her on a swing? In my mind she is five years old, six years old. Somewhere between four and eight, maybe even ten. I can't choose an age. Her age changes, shifts in my mind, when I try to see her. How old are you? Where did you go? It's like a pain in my heart which I shut my eyes to feel more deeply. This loss, my daughter, gone. Once, and then again: to love again. How could you want something and not want it at the same time? Why was it my fate to lose everyone I love? "I lost my daughter," he says to himself, "to a homicide." Could he bring himself to love again? Would he find his daughter's killer? What new life would he create for himself? Life did go on.

Once, and then again. It just kept going on and on, and he felt like he'd lived so many different lives now. Riding this mysterious journey which is fate, in his search for redemption, justice, and forgiveness Thomas McAllister finds himself being dragged into the darkness which resides in his own soul.

In the late 1970s and early '80s, a cadre of freewheeling, Southern pot smugglers lived at the crossroads of Miami Vice and a Jimmy Buffett song. These irrepressible adventurers unloaded nearly a billion dollars worth of marijuana and hashish through the eastern seaboard's marshes. Then came their undoing: Operation Jackpot, one of the largest drug investigations ever and an opening volley in Ronald Reagan's War on Drugs. In *Jackpot*, author Jason Ryan takes us back to the heady days before drug smuggling was synonymous with deadly gunplay. During this golden age of marijuana trafficking, the country's most prominent kingpins were a group of wayward and fun-loving Southern gentlemen who forsook college educations to sail drug-laden luxury sailboats across the Mediterranean, the Atlantic, and the Caribbean. Les Riley, Barry Foy, and their comrades eschewed violence as much as they loved pleasure, and it was greed, lust, and disaster at sea that ultimately caught up with them, along with the law. In a cat-and-mouse game played out in exotic locations across the globe, the smugglers sailed through hurricanes, broke out of jail and survived encounters with armed militants in Colombia, Grenada and Lebanon. Based on years of research and interviews with imprisoned and recently released smugglers and the law enforcement agents who tracked them down, *Jackpot* is sure to become a classic story from America's controversial Drug Wars. "The adventures, the long-gone economy, and the sting that ultimately brought them down and changed US drug policy are meticulously documented and lucidly spun.... Part New Yorker feature-part Jimmy Buffet song. . . . The result is adventuresome, lavish, informative fun." —GQ " [A] rollicking story, Ryan manages to pack in one amusing tale after another.... *Jackpot* is a rip-roaring good read." —Charleston City Paper "High times on the high seas: Investigative reporter Ryan recounts the glory days of dope smuggling and their terrible denouement.... A well-told tale of true crime that provides a few good arguments for why it should not be a crime at all." —Kirkus Reviews "Reads like an international thriller. . . . chock-a-block with hilarious and hair-raising anecdotes of fast times." —New York Journal of Books " [A] thoroughly researched account of Operation Jackpot, the drug investigation that ended the reign of South Carolina's 'gentlemen smugglers,' .... Ryan recreates the era with a vivid, sun-drenched intensity." —Publishers Weekly

From Under the Wheel is an introspective look at loss and devastation and helps find a way to reach far beyond the events in our lives that leave scars. It challenges the Why Me? in all of us and exposes the path our choices ultimately create. It encourages a way to move past losses and difficulties by assigning a meaning to individual experiences. And finally, it helps excavate the true intent of your inner self to give purpose to living every day. Lynn Gawronski's view From Under the Wheel is both reality and metaphorical. The picture of the wheel of the single axel flat bed trailer sitting on her chest as it ran her over is forever imprinted in her memory. But even a miraculous recovery wouldn't stop trauma from happening again. Two years later, she was a passenger in a car hit broadside by another and was left partially paralyzed with facial injuries and emotional scars. The next twenty years would prove to challenge every bit of her faith with more tragedy and loss and at times, just life; each time stimulating another wheel and presenting another effort for recovery and healing whether physical or emotional. The end result is the emergence of a life with purpose and renewed spirit, but the book doesn't stop there. She also provides a planning tool and the steps that she is using to help her carry out her purpose in life so that the reader may do the same. With each new challenge and successful outcome, Lynn Gawronski considers herself out From Under the Wheel.
