Meat Market elevates the debate over animal agriculture. Erik Marcus exposes and clears away the exaggerated claims and counterclaims put forth by the meat industry and its opponents. In the process, Marcus presents a thorough examination of animal agricultures cruelties and its far-reaching social costs. Marcus then considers the discouraging progress made by the animal protection movement. He evaluates where the movement has gone wrong, and how its shortcomings could best be remedied.

Converting from a carbureted fuel system to electronic fuel injection (EFI) improves the performance, driveability, and fuel economy of any classic vehicle. Through a series of sensors, processors, and wires, it gathers engine and atmospheric information to precisely deliver the correct amount of fuel to your engine. With a carburetor, you must manually adjust and change parts to adapt it to differing conditions and applications. Installing a complete aftermarket EFI system may seem too complex, but it is within your reach by using the clear and easy-to-understand, step-by-step instructions. You will be able to confidently install the correct EFI system in your vehicle and enjoy all the benefits. A variety of EFI Systems are currently available--throttle body injection (TBI), multi port fuel injection (MPFI), stack systems, application specific, and special application systems. Author Tony Candela reveals the attributes of each, so you can select the system that's ideal for your car. Author Tony Candela explains in exceptional detail how to install both of these systems. To achieve top performance from an EFI system, it's not a simple bolt-on and plug-in procedure. This book takes the mystery out of EFI so it's not a black art but rather a clear working set of parameters. You are shown how to professionally install the injectors into the intake system as well as how to integrate the wiring into the main harness. In addition, each step of upgrading the fuel system to support the EFI is explained. The book also delves into integrating ignition and computer control with these aftermarket systems so you can be out driving rather than struggling with tuning. Turbocharged, supercharged, and nitrous applications are also covered. A well-installed and -tuned EFI system greatly improves the performance of a classic V-8 or any engine because the system delivers the correct fuel mixture for every operating condition. Get faster starts, better fuel economy, and crisp efficient performance. In *EFI Conversions: How to Swap Your Carb for Electronic Fuel Injection*, achieving all these benefits is easily within your reach.

This book advances our understanding of the nature, grounds and limits of human dignity by connecting it with Kant's notion of an ideal moral community, or "Kingdom of Ends". It features original essays by leading Kant scholars and moral and political philosophers from around the world. Although Kant's influential injunction to treat humanity as an end in itself and never merely as a means has garnered the most attention among those interested in analyzing human dignity with a Kantian lens, Kant himself places much more emphasis on the Kingdom of Ends as crucial for defining human dignity. The chapters in this collection focus not only on interpretive issues related to the Kingdom of Ends but also on practical applications that have the potential to advance discussions about the nature and foundations of rights, the content of moral principles, the importance of moral ideals and attitudes and the nature of moral motivation. Exploring and connecting the ideas of human dignity and the Kingdom of Ends significantly deepens our moral understanding, advances discussions in moral and political philosophy and enhances our appreciation of Kant's moral theory. Human Dignity and the Kingdom of Ends: Kantian Perspectives and Practical Applications will appeal to scholars and advanced students of Kant, moral philosophy, political philosophy, and political theory.

With the 1998 debut of its V92C, Victory Motorcycles became the New American Motorcycle. Victory's innovative, stylish heavyweight cruiser motorcycles attracted a loyal, hard-riding following, but not the market share needed to survive. This richly illustrated book covers the brand's history model-by-model and analyzes why the parent company announced in early 2017 that its Victory division would cease operation. This book also features a full reprint of the collectible first Victory history from 1998, *The Victory Motorcycle*.

Meet Ezra King. He's a first responder turned police officer. It was a courageous move being that his father hates cops. He grew up in the civil rights era and is disgusted by his son's choice. Although his friend Ivy Mitchell keeps blasting her shot louder than the Glock she carries on her hip, he doesn't know how many ways he can say he's not interested. His ex, Alysia, crawled into his life like unsuspecting cancer. From day one she manipulated her way to get close to him. His already paranoid nature was intensified by her deceitful act. He wasn't interested in trying his hand at love until Capria Malone. Capria Malone is just your around the way girl trying her hardest to get up out of Greenspoint so she can live the life she knows she deserves. Her only problem is that she can't shake Pierre-a toxic boyfriend of seven years that's like a noose around her neck. She understands the need to let him go but doesn't want to feel like she wasted seven years of her life for nothing. Hanging on to Pierre is causing her to bleed out. Can Ezra be just the first responder she needs to resuscitate her back to life? Will Ivy just let Ezra pursue the love that he wants, or will she suit up in her riot gear and go to war for what she wants?

Albania provides a small amount of social assistance to nearly 20% of its population through a system which allows a degree of community discretion in determining distribution. This study investigates the poverty targeting of this program. It indicates that relative to other safety net programs in low income countries, social assistance in Albania is fairly well targeted to the poor.
