Volkswagen Super Beetle, Beetle & Karmann Ghia Official Service Manual

Haynes Publishing UK

The VW Golf GTI, launched in 1975, was the blueprint for the 'Hot Hatch'.

Combining performance and good looks with practicality, the Golf won instant acclaim and, now on its fifth generation, has become one of the most prolific and modified cars of all time.

The car instantly won favor with tuners and modifiers, and today the Golf remains one of the most popular project cars with performance tuners. A thriving support structure of clubs, specialist magazines, and part suppliers ensure that the Golf, in all its forms, will remain popular with tuning enthusiasts for many years to come.

VW Polo Petrol & Diesel Service & Repair Manual

Haynes Manuals N.

America, Incorporated

As U.S. and Canadian

automakers and dealers face bankruptcy and Toyota

battles unprecedented quality-control problems, Lemon-

Aid guides steer the

confused and anxious buyer through the economic

meltdown unlike any other car-and-truck books on the

market. Phil Edmonston,

Canada's automotive "Dr.

Phil" for more than 40 years,

pulls no punches. In this all-new guide he says:

Chrysler's days are

numbered with the dubious

help of Fiat. Electric cars and ethanol power are PR

gimmicks. Diesel and natural gas are the future. Be wary of

"zombie" vehicles: Jaguar,

Land Rover, Saab, and

Volvo. Mercedes-Benz --

rich cars, poor quality.

There's only one Saturn you

should buy. Toyota -- enough

apologies: "when you mess up, 'fess up."
