We woke up early and  
excited. It is June  
1st and we have been  
on the road since May  
15th. In the back of  
our minds always  
lurks "Oh God! What  
have we done". All  
our hopes and fears  
of "someday" are  
here. Our house is  
sold; all the money  
we have is with us.  
Everything that is  
left is in the truck

and trailer. The only me would make me  
direction we can go stronger and it did.

cat. In all our travels in Alaska I have never seen a place more naturally beautiful than that stretch from Haines Junction going into Haines. The only thing that compares to it is topping Baycrest Hill going into Homer, so keep reading. Our jobs and fits of exploring took us from Juneau, Haines, Homer, Kodiak, the Aleutian Islands to Fairbanks, and south to Valdez and many other places in between so believe me this is spectacular. The first major body of water is Kathleen Lake. There are mountains of the St. Elias and Wrangell ranges, all snow covered and glowing in the sun. There appears to be a lot of places set aside for camping. About 15 miles south there is Dezadeash Lake and the Dezadeash Mountain Range. Over the years the lodge and the German family running it were important to us. Katie and Heinz ran the lodge, bar, gas station and garage

with only a generator for power and the food could put many 4 Star restaurants to shame. The road in front of us looks like a long, winding snake. On this June 1st. there are still walls of snow on both sides of the road. I insist we stop so I can take some pictures and I am glad we did. In all the years and many more trips since I have never seen the walls of snow and ice we saw that day. The wind is howling and we are climbing. That poor truck is struggling with the load. On we went and finally made the summit of Chilkat Pass, over 6,000 feet; the highest on the road. The wind blows constantly and it did not take long to figure out the 12' poles along the road were markers so the snow equipment knew where the road was. There are a lot of closures in winter. As you travel along toward Haines, in a short distance you see "The Three Guardsmen" and it is a sight to behold.

The mountains, all white in the sun are directly behind the lake. About 10 miles south of there is the old US Army pipeline. For years it pumped oil from Haines over the St. Elias Mountains to the Alaska Highway at Haines Junction in the Yukon. We crossed the border from the Yukon into British Columbia about 40 miles ago. Here we are at last at Pleasant Camp. It is the Canadian Custom checkpoint and we are about to cross over into Alaska at last. It's the only road into Haines and is 42 more miles of mountains
