The Power Report Dundurn

The A-904 and A-727, debuting in 1960 and

1962, respectively, are 3-speed automatic

Chrysler TorqueFlite Transmissions. In Mopar

circles, they have become synonymous with

strength, durability, and performance. In fact,

43 years after its first application, A-904s were

still found in the Jeep lineup! TorqueFlites are

known for their dependability, but many have

endured a tremendous amount of abuse over

50-plus years when hooked up to V-8 Mopar

powerplants. There is little doubt that some of these automatics could be prone to failure, or at least need a thorough rebuild. Tom Hand shares his decades of experience rebuilding TorqueFlite transmissions with chapters dedicated to troubleshooting, disassembly and reassembly, performance modifications, post-installation procedures, and the most thorough source guide offered in print, ever. The author walks you through the TorqueFlite rebuild with color photos showcasing step-by-step procedures with highly detailed, easy-to-follow text. This book will keep money in your pocket and add experience to your résumé, but more important, it will help you get your Mopar back on the road! p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Arial}
