Solving word
problems
requires both
strategy and
skill. When
confronted with
a problem,
students need to
figure out how to
solve the
problem and then
solve it! The 250
exercises in each

book help students learn a variety of strategies for solving problems as well as grade-specific math skills.

Kids Learn! Grades 7-8 - eBook
Teacher Created Resources
Prevent learning loss while students are away from school, and set students up for a successful upcoming school year with the second edition of this bilingual parent-involvement resource! Students risk falling behind at the start of a new school year without practicing skills learned in the previous year.

Designed to bridge the away-from-school gap, this resource provides students with reading, writing, and mathematics activities aligned to Common Core and other state standards that reinforce learning from seventh grade and prepare students for eighth grade. A 14-page introduction section for parents and instructions for each student activity are written in both English and Spanish to help parents get involved in their child's education. With fun and easy-to-use family activities, this is the perfect full-color resource to set

students up for a successful school year.

School Document
Teacher Created Resources

Learners with Visual Impairment Chandresh Agrawal This book, Teaching Learners with Visual Impairment, focuses on holistic support to learners with visual impairment in and beyond the classroom and school context. Special attention is given to classroom practice, learning support, curriculum differentiation and assessment practices, to mention but a few areas of focus covered in the book. In this manner, this book makes a significant contribution to

the existing body of knowledge on the implementation of inclusive education policy with learners affected by visual impairment.
