The spark plug is a crucial
and vulnerable part on your
engine. Your spark plug can
be located on the top of the
engine under the protective
rubber boot. Your go kart
comes with a tool kit

containing a spark plug wrench for easy removal. The spark plug must be cleaned, and must be replaced promptly when signs of wear begin to show.

"You guys are the only people I order from and I appreciate all your help the last year, especially from Holden and Curtis. I went from a newbie last year with a 20 year old kart to now being able to hit podiums on the local levels on a newer and much more competitive CR125; you guys have been instrumental in helping me with my progression and journey.
