Healthcare providers, consumers, researchers and policy makers are inundated with unmanageable amounts of information, including evidence from healthcare research. It has become impossible for all to have the time and resources to find, appraise and interpret this evidence and incorporate it into healthcare decisions. Cochrane Reviews respond to this challenge by identifying, appraising and synthesizing research-based evidence and presenting it in a standardized format, published in The Cochrane Library

(www.thecochranelibrary.com). The Cochrane Handbook for Systematic Reviews of Interventions contains methodological guidance for the preparation and maintenance of Cochrane intervention reviews. Written in a clear and accessible format, it is the essential manual for all those preparing, maintaining and reading Cochrane reviews. Many of the principles and methods described here are appropriate for systematic

reviews applied to other types of research and to systematic reviews of interventions undertaken by others. It is hoped therefore that this book will be invaluable to all those who want to understand the role of systematic reviews, critically appraise published reviews or perform reviews themselves.

1946-2002 Amer Council for an Energy Because life is more brilliant and more brutal than any of us imagined. Even before her mother's death, Lubba James was different. Now she's worse. She drowns herself in fairytales. Lets her imagination run away with her. Doesn't know how to mourn appropriately. Driven mad or driven to escape, Lubba isn't sure. But she knows she has to get away from her insufferable sister and overwhelmed father. Lubba begins her own quest to discover what normal looks like. And like reality, it's not very pretty. A burned-out cop and his hair-trigger sniffer dog. A homicide victim trapped alive. What's left of a woman who lost her child. Lubba's path leads to them all, and as she travels deeper, sees more, she realizes that life can be more wicked than any witch, and richer than happily-ever-after. In the end, Lubba must decide not what's normal, but whether or not she cares.
